Database / Spreadsheet documentation for the Archaeology Data Service

Please fully document and record any databases that you intend to submit to the ADS for archiving. This will help us prepare them for archiving and online dissemination and will enable future re-use of the data by others.

If you already have documentation for your database in another format and would prefer us to work with this instead, this should not be a problem as long as it accurately describes your data tables and any relationships between them.

Title of project:	South Yorkshire Historic Environment Characterisation Project
Name of database/ spreadsheet file:	**ExportHLCPrevType.csv**

Repeat the following section for each table within your database:

| **Name of table / worksheet 1:**	**ExportHLCPrevType.csv**	
Purpose of table/worksheet:	**Direct export table from HBSMR database showing previous historic character types (for archive purposes, use GIS tables for less technical view of data).**	
Number of rows of data:	**10**	
Primary key (*database only*):	**HLCUID**	
Name of field	**Full description of field and codes or terminology used**	**Data type and field length (*database only*)**
HLCUID	*Unique identifier (used in GIS files, documents and other csv files)*	
PrevBroadTypeCode	Coded Broad Historic Character classification for a historic character that is no longer current	
PrevBroadTypeDesc	Broad Historic Character classification for a historic character that is no longer current	
PrevHLCTypeCode	Coded more specific Historic Character classification for a historic character that is no longer current	
PrevHLCTypeDesc	More specific Historic Character classification for a historic character that is no longer current	
Confidence	Confidence of the Broad and HLC Type	
YearFrom	Date of origin of the historic character recorded by PrevBroadType and PrevHLCType	
FromConf	Confidence of date of origin of the historic character recorded by PrevBroadType and PrevHLCType	
YearTo	Final year of the historic character recorded by PrevBroadType and PrevHLCType	
ToConf	Confidence of final year of the historic character recorded by	

	PrevBroadType and PrevHLCType	

Name of table / worksheet 2:	
Purpose of table/worksheet:	
Number of rows of data:	
Primary key (*database only*):	

Name of field	Full description of field and codes or terminology used	Data type and field length (*database only*)

Name of table / worksheet 3:	
Purpose of table/worksheet:	
Number of rows of data:	
Primary key (*database only*):	

Name of field	Full description of field and codes or terminology used	Data type and field length (*database only*)

Relationships (*database only*)

Please include an entity relationship diagram to show the relationships between your database tables

The completed documentation should be submitted to the ADS in **digital** form along with the deposited data that it describes, or via e-mail to Catherine Hardman at csh3@york.ac.uk
