5304	11000	LIA illeg. Cu-alloy unit. O: Head r. Possible pellet/pellet-in-ring/pellet above? R: ?Boar r. Possible pellet-in-ring above.	c20BC	cAD10	-	1.16	14	? 180°	North Thames style. Condition precludes positive i.d. but possibly new type?

SF5304 shown to Philip de Jersey:

“the LIA unit (SF5304) is probably Cunobelinos, of an unpublished but known type, although condition precludes definite attribution. The type appears to be Obv: Head r., possible legend (CAM?), the reverse a pawing horse r.” He has recorded it as CCI 07.0353
