

Project metadata for the Archaeology Data Service

Please complete this form as fully as possible with details of your project. This data will form the basis of an entry about your dataset in the ADS Catalogue, and underpins the computerised searching process that allows users to discover and retrieve information.

<p>1. Title - please indicate the title (and any alternatives) for the dataset.</p>
<p>Architectural Record of Bassett House, Bassett, Southampton, SOU1610</p>
<p>2. Description - please provide a brief summary (max. 200-300 words) of the main aims and objectives of the project and the content of the dataset.</p>
<p>The Record was executed in order to discharge Conditions 7 and 8 of Demolition Prior Approval 12/00598/DPA dated 22 May 2012. It follows the writing of a Statement of Significance relating to this property (Underwood, M. (2012 - March, revised August). <i>Bassett House, Southampton: Statement of Significance</i>. Southampton: The University of Southampton).</p> <p>The Record is to Level 3 as described in '<i>Understanding Historic Buildings: A guide to good recording practice</i>' (English Heritage, 2006).</p> <p>The descriptive record of Bassett House, a mid-nineteenth villa remaining from an 1850 estate layout, is set in the context of this nineteenth century and later development of Bassett. It is well illustrated with plans and photographs, historical and dated 2012. Some aspects of this study do not appear to have been considered or published before. A full bibliography is provided, as well as a glossary of technical terms.</p> <p>The Record includes a comprehensive photographic record of the interior and exterior of the present house, including photographs of the presumed original roof structure within the present roof.</p> <p>Full planar and elevational drawings are included in the archive.</p>
<p>3. Subject - please suggest keywords for the subject content of the dataset. If possible, please used existing documentation standards (e.g. The RCHME thesaurus of Monument Types, the MDA Archaeological Object Name thesaurus) and indicate which standard you are following. If you use a documentation standard unique to your organisation, it would be extremely helpful if you could send a copy of it with your dataset.</p>
<p>Bassett, Southampton; Bassett House, Southampton</p>
<p>4. Coverage - please give the current and contemporary name(s) of the country, region, county, town or village covered by the data collection. If names or administrative units were different during the time period covered by the data please record them separately. Please give the dates/period covered by the dataset.</p>
<p>Europe, United Kingdom, Hampshire, Southampton NGR SU 420161 Development of Bassett: 1850-2012; Bassett House: 1850-2012.</p>

5. Creators - please list details about the creator(s), compiler(s), funding agencies, or other bodies or people intellectually responsible for the data collection. Information can include forename, surname, affiliation, address, phone, fax, email, or URL.
Michael Underwood BArch MSc AABC IHBC, Conservation Architect, 11 Welch Road, Southsea, Hampshire PO4 0QD, with HGP Architects, Fareham, for the University of Southampton (Programme Management Unit).
6. Publisher - please list details about any organisation which has published this data.
Not applicable
7. Identifiers - any project or reference numbers used by you or your organisation to identify the dataset e.g. OASIS ID, NMR ID, HER/SMR IDs, sitecodes, etc.
SOU 1610
8. Dates - when the dataset was created, when the archaeological project was carried out, processing dates, or computerisation dates as appropriate.
August 2012
9. Copyright - please provide the name of the copyright holder for the dataset. If the collection was created during your work as an employee, the copyright holder will normally be your employer under your contract of employment. If the material is covered by Crown copyright please indicate this.
The University of Southampton
10. Relations - if the data collection was derived in whole or in part from published or unpublished sources, whether printed or machine-readable, please give references to the original material. Please give details of where the sources are held and how they are identified there (e.g. by accession number). If the collection is derived from other sources please indicate whether the data represent a complete or partial transcription/copy and the methodology used for its computerisation. Please provide below full references to any publications about or based upon the data collection.
See the Bibliography to Underwood, M. (2012) <i>Bassett and Bassett House: An Architectural and Historical Record</i> . Southampton: University of Southampton, the record of Bassett House: in particular Brannon, Patterson (1962), Pevsner and Lloyd, Sandell, Underwood, and Williams. Other material is from primary research at the site by the author of the record.
11. Language - please indicate which language(s) your dataset is in (e.g. English, French, Swahili).
English
12. Resource Type - is this dataset best described as primary data, processed data, an interpretation of data, or a final report?
Processed data, final report
13. Format - please indicate what format your data is saved in (e.g. WordPerfect 5.1, HTML, AutoCAD).
Microsoft Word 2004; Microsoft Powerpoint 2004. Drawings: Adobe Acrobat or JPG

The completed form should be submitted to the ADS in **digital** form along with the deposited data that it describes, or via e-mail to Catherine Hardman at csh3@york.ac.uk

List of files deposited with the Archaeology Data Service

Please complete this form with a list of all files that are being deposited with the ADS. It is important that you accurately record each file name with the correct combination of upper and lower case letters and file extension. Please describe each file carefully and accurately. The file descriptions will be preserved alongside the data by the ADS, and will also be made available to those who wish to reuse the data in the future.

If you would prefer to give us this information in another format this should not be a problem.
