

COMMUNITY ACCESS TO ARCHIVE OFFICES

Thank you for taking the time to look at this questionnaire, which is part of an English Heritage project titled **Expanding the Neighbourhood Plan Evidence Base**.

The Questionnaire

The questionnaire is structured into 3 sections. **Please complete multiple choice questions using the letter 'x'**. Each question has a short explanatory sentence indicating whether one or multiple boxes should be checked. For free text questions we welcome as much concise detail as you can supply. We would be grateful if you could avoid the use of 'jargon' in your replies. A brief glossary of terms is included in a separate document to help in the interpretation of some questions.

We hope you'll find everything straightforward. We've attached some explanatory notes about the questionnaire, which we hope will enable you to complete the questionnaire as fully as possible. However if you do have any problems please don't hesitate to give us a call on the numbers below, and we'll gladly talk things through. Thank you again for sharing your information with us.

Submitting the Questionnaire

Completed questionnaires can be emailed to answers@locusconsulting.co.uk. Or, if you prefer, they can be printed off and sent in the post to:

SECTION 1: AVAILABILITY

This section aims to find out about the types and formats of heritage information that you hold and how that information is made available to a member of the public. The format of the questionnaire is multiple choice. Please check one or more boxes for each question where relevant.

This first section comprises 3 questions and is completed on the chart on the following page:

1: HELD	Question: <i>Do you hold this type of information?</i> Response: Yes <u>or</u> No Aim: To find out the types of heritage information held within your archive.
2: ACCESS	Question: How can information be accessed? Response: Mark <u>one or more</u> boxes Aim: To understand if and how members of the public can physically access the information.
3: FORMAT	Question: What formats is information held in? Response: Mark <u>one or more</u> boxes Aim: To understand the different formats that heritage information is held in.

SECTION 2: ACCESSIBILITY

As well as finding out the types of information held by your archive, we are interested to know the ways in which it is being made available to the public. This section is divided into three parts, investigating online access to holdings, remote enquiries and requests for research, and physical access by a member of the public.

> ONLINE

A growing number of archives are providing information online, including via third party websites (e.g findmypast, ancestry). The styles of website vary considerably, particularly according to the information displayed, the different structures in which information is held, and the resources available. The questions below seek to understand the different types of heritage information held online and the often individual ways in which it is presented and structured.

If none of your heritage information is available online please go to Question 2.6

2.1 How is heritage information hosted online? (Mark either 'Yes' or 'No'. Please add the address of your website in the appropriate box.)

TYPE OF SITE	Yes	No	Website address:

Local authority web pages	x		www.knowsley.gov.uk
Bespoke site or sub-site		x

2.6 What material and/or data can be supplied remotely for each heritage information type (free text), **and in what format can this be provided?** (Multiple choice)

This part of the questionnaire aims to find out what heritage information is accessible through a visit, along with the practices, facilities and resources available to help access archive holdings.

SECTION 3: ENABLING ANALYSIS, INTERPRETATION AND APPLICATION

3.1 Please give details of any methods and materials available to help users in the interpretation of heritage information, such as user guides to your archive. (Free text)

**Our user guides are currently being revised to take into account the reorganisation of our operations.
The catalogue is available in hard copy only although we are happy to email relevant sections to researchers by request.**

3.2 What guidance do you have to help guide members of the public in undertaking heritage-related projects in your area? If you don't provide any guidance of this kind please enter "n/a". (Free text)
