

## COMMUNITY ACCESS TO ARCHIVE OFFICES

Thank you for taking the time to look at this questionnaire, which is part of an English Heritage project titled **Expanding the Neighbourhood Plan Evidence Base**.

### The Questionnaire

The questionnaire is structured into 3 sections. **Please complete multiple choice questions using the letter 'x'**. Each question has a short explanatory sentence indicating whether one or multiple boxes should be checked. For free text questions we welcome as much concise detail as you can supply. We would be grateful if you could avoid the use of 'jargon' in your replies. A brief glossary of terms is included in a separate document to help in the interpretation of some questions.

We hope you'll find everything straightforward. We've attached some explanatory notes about the questionnaire, which we hope will enable you to complete the questionnaire as fully as possible. However if you do have any problems please don't hesitate to give us a call on the numbers below, and we'll gladly talk things through. Thank you again for sharing your information with us.

### Submitting the Questionnaire

Completed questionnaires can be emailed to [answers@locusconsulting.co.uk](mailto:answers@locusconsulting.co.uk). Or, if you prefer, they can be printed off and sent in the post to:

## **SECTION 2: ACCESSIBILITY**

As well as finding out the types of information held by your archive, we are interested to know the ways in which it is being made available to the public. This section is divided into three parts, investigating online access to holdings, remote enquiries and requests for research, and physical access by a member of the public.

### **> ONLINE**

A growing number of archives are providing information online, including via third party websites (e.g findmypast, ancestry). The styles of website vary considerably, particularly according to the information displayed, the different structures in which information is held, and the resources available. The questions below seek to understand the different types of heritage information held online and the often individual ways in which it is presented and structured.

**If none of your heritage information is available online please go to Question 2.6**

**2.1 How is heritage information hosted online?** (Mark **either** 'Yes' or 'No'. Please add the address of your website in the appropriate box.)

**2.6 What material and/or data can be supplied remotely for each heritage information type** (free text), **and in what format can this be provided?** (Multiple choice)

## > VISIT

It is likely that the most effective way of accessing the information held by an archive is to visit it in person. For the user, this represents an opportunity to tap into the knowledge and experience of archive staff. This part of the questionnaire aims to find out what heritage information is accessible through a visit, along with the practices, facilities and resources available to help access archive holdings.
