

COMMUNITY ACCESS TO ARCHIVE OFFICES

Thank you for taking the time to look at this questionnaire, which is part of an English Heritage project titled **Expanding the Neighbourhood Plan Evidence Base**.

The Questionnaire

The questionnaire is structured into 3 sections. **Please complete multiple choice questions using the letter 'x'**. Each question has a short explanatory sentence indicating whether one or multiple boxes should be checked. For free text questions we welcome as much concise detail as you can supply. We would be grateful if you could avoid the use of 'jargon' in your replies. A brief glossary of terms is included in a separate document to help in the interpretation of some questions.

We hope you'll find everything straightforward. We've attached some explanatory notes about the questionnaire, which we hope will enable you to complete the questionnaire as fully as possible. However if you do have any problems please don't hesitate to give us a call on the numbers below, and we'll gladly talk things through. Thank you again for sharing your information with us.

Submitting the Questionnaire

Completed questionnaires can be emailed to answers@locusconsulting.co.uk. Or, if you prefer, they can be printed off and sent in the post to:

SECTION 1: AVAILABILITY

This section aims to find out about the types and formats of heritage information that you hold and how that information is made available to a member of the public. The format of the questionnaire is multiple choice. Please check one or more boxes for each question where relevant.

This first section comprises 3 questions and is completed on the chart on the following page:

1: HELD	Question: <i>Do you hold this type of information?</i> Response: Yes <u>or</u> No Aim: To find out the types of heritage information held within your archive.
2: ACCESS	Question: How can information be accessed? Response: Mark <u>one or more</u> boxes Aim: To understand if and how members of the public can physically access the information.
3: FORMAT	Question: What formats is information held in? Response: Mark <u>one or more</u> boxes Aim: To understand the different formats that heritage information is held in.

SECTION 2: ACCESSIBILITY

As well as finding out the types of information held by your archive, we are interested to know the ways in which it is being made available to the public. This section is divided into three parts, investigating online access to holdings, remote enquiries and requests for research, and physical access by a member of the public.

> ONLINE

A growing number of archives are providing information online, including via third party websites (e.g findmypast, ancestry). The styles of website vary considerably, particularly according to the information displayed, the different structures in which information is held, and the resources available. The questions below seek to understand the different types of heritage information held online and the often individual ways in which it is presented and structured.

If none of your heritage information is available online please go to Question 2.6

2.1 How is heritage information hosted online? (Mark either 'Yes' or 'No'. Please add the address of your website in the appropriate box.)

SECTION 3: ENABLING ANALYSIS, INTERPRETATION AND APPLICATION

Much of the information held by archives is in a raw form (e.g. original documents and maps). This section aims to find out what processes and resources are in place to assist a member of the public in the interpretation and application of information acquired from an archive office.

3.1 Please give details of any methods and materials available to help users in the interpretation of heritage information, such as user guides to your archive. (Free text)

Answer: Lists and indexes are old fashioned and not always available on computer. Sometimes there are databases or spreadsheets that were created by volunteers (e.G. planning applications) that require staff assistance. We do not have a user guide and rely heavily on staff knowledge to direct people.

3.2 What guidance do you have to help guide members of the public in undertaking heritage-related projects in your area? If you don't provide any guidance of this kind please enter "n/a". (Free text)

(These might include guidance on how to produce village design statements, organise local history projects, or inform building restoration projects.)

Historical research	We direct groups of people – run sessions in how to locate material etc
Conservation (e.g. buildings)	
Architecture and design	
Education and outreach	We have a part-time member of staff
Planning-related matters	
Landscape history	
Other	

3.3 Are you aware of any *specific* community-led plans (e.g. parish plans, village design statements, neighbourhood plans etc.) that have used information from your archive in the past 5 years?

Answer: Yes (delete as applicable).

3.4 If 'YES' please give some specific details where possible (Free text)
(e.g. location, type of plan and basic aims)

Type of Plan	Details
New building	Local authority officers and groups within local communities have used the service when planning new housing developments and disputes over this.

This concludes the questionnaire. Thank you for taking the time to share your information with us.
