Asset Number	Description	Name	Site Type	Period	Sensitivity	Significance of Impact	NMR Ref	HER Ref	DoB Ref	Easting	Northing
109	Line of former sea bank visible on 1906 Ordnance Survey map. Possibly same feature as Asset 126 and associated with Asset 123.		SEADEFENCE	Post-Medieval	Low	Neutral				543790	397490
110	A World War Two minefield and barbed wire are visible as earthworks and structures on RAF air photographs from the 1940s. The minefield appears as a series of pits dug into the sand dunes with the barbed wire marking off the southern edge on the landward side. Removed.		MINEFIELD	Modern	Negligible	Neutral	1451941			543700	397500
111	The remains of a collapsed concrete structure, possibly a pillbox, recorded by Lincolnshire Wildlife Trust in 2008.		MILITARY STRUCTURE	Modern	Low	Neutral		47153 MLI91780		544190	397580
112	A cluster of World War Two military buildings, including Nissen huts, all surrounded by a single circuit of barbed wire are visible as structures on RAF air photographs from the 1940s. No access to dunes (MOD site) so survival of any aspects unconfirmed.		MILITARY STRUCTURE	Modern	Unknown	Neutral	1451943			544000	397800
113	World War Two beach defences in the form of barbed wire obstructions are visible as structures on RAF air photographs from the 1940s.		MILITARY STRUCTURE	Modern	Negligible	Neutral	1451888			544040	397890
114	World War Two military building (a possible pillbox) and a second structure, both encircled with barbed wire are all visible as structures on an RAF air photograph from 1941. Probably same as Asset 115.		MILITARY STRUCTURE	Modern	Unknown	Neutral	1451921			544000	397900
115	One concrete pill box with a second possible ruined pillbox nearby, recorded by Lincolnshire Wildlife Trust in 2008.		MILITARY STRUCTURE	Modern	Medium	Neutral		47147 MLI91774		543960	397980
116	Four World War Two military buildings are visible on an RAF air photograph from 1943 as structures on the sand dunes (Grid reference inaccurate as it places them on the landward side of the embankment). Nothing visible at grid reference given and no access to dunes (MOD site).		MILITARY STRUCTURE	Modern	Unknown	Neutral	1451945			543800	398000
117	A line of at least 8 World War Two targets, possibly associated with the use of the area as a bombing range, are visible on an RAF air photograph from 1941.		MILITARY STRUCTURE	Modern	Unknown	Neutral	1451947			543900	398000
118	One concrete pillbox has been noted at this site, recorded by Lincolnshire Wildlife Trust in 2008.		MILITARY STRUCTURE	Modern	Medium	Neutral		47146 MLI91773		543980	398010
119	Donna Nook Camp: recorded as a dispersed World War Two German Prisoner of War Camp (also location of RAF Donna Nook (see Asset 120).		PRISONER OF WAR CAMP	Modern	Low	Neutral		46592 MLI88879		542806	398107
120	Site of original RAF Donna Nook: used as a bombing range and relief landing ground for RAF North Coates from 1927, it later acted as a decoy airfield for RAF North Coates from June 1940 until being converted to a genuine satellite airfield used between January 1941 and 1945. Also used as a POW camp (see Asset 119). A few buildings and a section of perimeter track/runway survive. RAF Donna Nook is now the name for the NATO bombing range on the sandflats to the east.		AIRFIELD, BOMBING DECOY SITE, MILITARY AIRFIELD	Modern	Low	Neutral	1393840	46591 46592 MLI88878		543132	398206
121	Line of former sea bank as shown on 1842 Enclosure and 1836 Map of Seabank.		SEADEFENCE	Post-Medieval	Low	Neutral				543180	398300
122	A cluster of World War Two military buildings surrounded by a long rectangular arrangement of barbed wire are all visible as structures on an RAF air photograph from 1943. Not visible during site visit.		MILITARY STRUCTURE	Modern	Negligible	Neutral	1451932			543400	398400

Asset Number	Description	Name	Site Type	Period	Sensitivity	Significance of Impact	NMR Ref	HER Ref	DoB Ref	Easting	Northing
123	World War Two weapons pits and trenches are visible as earthworks on an RAF air photograph from 1940. The features were dug into the former seawall. Not visible during site visit.		MILITARY STRUCTURE	Modern	Negligible	Neutral	1451934			543400	398500
124	A World War Two military building is visible as a structure on an RAF air photograph from 1943. Not visible during site visit.		MILITARY STRUCTURE	Modern	Negligible	Neutral	1451938			543610	398540
125	A World War Two military building is visible as a structure on an RAF air photograph from 1943. Not visible during site visit.		MILITARY STRUCTURE	Modern	Negligible	Neutral	1451936			543300	398540
126	A Post-Medieval sea defence in the form of a broad bank or sea wall is visible as an earthwork on RAF air photographs from the 1940s. Visible over a distance of c. 1km it was utilised during World War Two to accommodate military structures. Possibly same feature as Asset 109.		SEADEFENCE	Post-Medieval	Low	Neutral	1451923			543300	398700
127	Ruined concrete structure, possibly a pillbox, recorded by the Lincolnshire Wildlife Trust in 2008.		MILITARY STRUCTURE	Modern	Low	Neutral		47149 MLI91776		543480	399000
128	Gun emplacement and radar station.		MILITARY STRUCTURE	Modern	Medium	Neutral		43381 MLI43381		543260	399100
129	Coastguard Station and Beacon: a lifeboat was stationed here in 1829 with a nearby beacon erected in 1834. A coastguard station was established in 1844 (demolished).		COASTGUARD STATION	Post-Medieval	Negligible	Neutral		41292 MLI41292		543150	399250
130	Archaeological Monitoring and Recording on Donna Nook on behalf of the Environment Agency: Watching Brief of geotechnical trial pits, up to 3.2m in depth, no post-glacial land surfaces identified.		TRIAL TRENCHING	N/A	N/A	N/A		ELI9177		541003	400031
131	Old Sea Bank, 1840 Plan of the Parish of North Somercotes.		SEADEFENCE	Post-Medieval	Low	Neutral				540000	400140
132	Twentieth century aircraft obstruction trenches are visible as earthwork on 1941 RAF air photographs.		MILITARY STRUCTURE	Modern	Negligible	Neutral	1450349			539600	400300

141	English ketch, stranded at Grainthorpe Haven, 1892.	ESMERALDA	SHIPWRECK	Post-Medieval	Unknown	Neutral	942994			539880	400890

Asset Number	Description	Name	Site Type	Period	Sensitivity	Significance of Impact	NMR Ref	HER Ref	DoB Ref	Easting	Northing
142	English cargo vessel, grounded at Marshchapel & later recovered, 1801.	BENEVOLENCE	SHIPWRECK	Post-Medieval	Negligible	Neutral	984077			539880	400890
143	British craft, grounded near Grainthorpe, 1799.	ADMIRAL NELSON	SHIPWRECK	Post-Medieval	Unknown	Neutral	1338361			539880	400890
144	English sloop, foundered south of Grainthorpe Haven, 1802.		SHIPWRECK	Post-Medieval	Unknown	Neutral	1338866			539880	400890
145	Prussian craft, stranded near Grainthorpe on her passage to Oporto, 1803.		SHIPWRECK	Post-Medieval	Unknown	Neutral	1339399			539880	400890
146	Wreck of craft which stranded at Grainthorpe, to be systematically plundered and broken up by the locals, 1353.		SHIPWRECK	Medieval	Unknown	Neutral	1446389			539880	400890
147	Wreck of craft which foundered off Grainthorpe, as evidenced by a boat which came ashore from her at that place, 1346 or 1347.		SHIPWRECK	Medieval	Unknown	Neutral	1456115			539880	400890
148	Wreck of craft which foundered off the area around Grainthorpe or Marshchapel, as evidenced by a mast which came ashore from her at Fulstow, 1344 or 1345.		SHIPWRECK	Medieval	Unknown	Neutral	1456122			539880	400890
149	Wreck of cargo vessel which foundered off Fulstow, i.e. in the area around Grainthorpe or Marshchapel, as evidenced by the sacks of wool which came ashore from her, 1346 or 1347.		SHIPWRECK	Medieval	Unknown	Neutral	1456125			539880	400890
150	Wreck of craft which foundered off Fulstow, as evidenced by wreckage which came ashore, 1357 or earlier.		SHIPWRECK	Medieval	Unknown	Neutral	1456128			539880	400890
151	Circular and embanked enclosure, c. 10m in diameter, identified as part of National Mapping Programme and subsequently interpreted as a bomb crater.		BOMB CRATERS	Modern	Negligible	Neutral	1065177	46225 MLI88099		539214	400988
152	Site visit: demolition material. Reinforced concrete lying against inland bank. Probably associated with former pillbox and possibly other buildings surrounded by barbed wire and visible on 1941 aerial photographs straddling the sea wall (Asset 213).		MILITARY STRUCTURE	Modern	Negligible	Slight				538991	401088
153	Possible later prehistoric enclosure earthwork identified by National Mapping Programme. Probably incorrect grid reference or misinterpreted bomb crater.		ENCLOSURE or BOMB CRATER	Prehistoric?/ Modern?	Unknown	Neutral		46226 MLI88100		539909	401136
154	Six maculae interpreted as bomb craters, all approx. 10m in diameter.		BOMB CRATERS	Modern	Negligible	Neutral	1065176	46164 MLI87939		539410	401326
155	Twentieth century beach defences in the form of barbed wire obstructions and two groups of military buildings visible as structures on air photographs. The buildings were set against the seaward side of the sea wall with the barbed wire immediately in front. Nothing visible during site visit.		MILITARY STRUCTURE	Modern	Negligible	Neutral	1450340			538700	401400
156	Probable Medieval and Post-Medieval saltern mounds seen as cropmarks on aerial photographs.		SALT WORKS	Medieval - Post-Medieval	Medium	Neutral	81907	41358 MLI41361		536558	401440
157	Old Sea Bank, 1858 Enclosure map.		SEADEFENCE	Post-Medieval	Low	Slight				538305	401501
158	At least two twentieth century military buildings are visible as structures on 1941 RAF air photographs. The structures appear to have been built into or on the sea wall. Nothing visible during site visit.		MILITARY STRUCTURE	Modern	Negligible	Neutral	1450337			538200	401600
159	Two short parallel earthwork banks of possible Post-Medieval date are visible on 1941 air photographs.		BANKS	Post-Medieval?	Negligible	Neutral	1450351			537750	401610

Asset Number	Description	Name	Site Type	Period	Sensitivity	Significance of Impact	NMR Ref	HER Ref	DoB Ref	Easting	Northing
160	Several groups of twentieth century military buildings and trackways are visible as structures and cropmarks on 1940 and 1941 RAF air photographs. Most of the buildings were in place in 1940 but had been removed by 1941. Nothing visible during site visit.		MILITARY STRUCTURE	Modern	Negligible	Neutral	1450304			537700	401700
161	Possible traces of surviving East-West aligned bank at end of extant runway, seen on Google Earth.		SEA DEFENCE	Post-Medieval	Low	Neutral				536660	401780
162	British barge, stranded & lost 2.5 miles off Horseshoe Point, 1897.	NO 41	SHIPWRECK	Post-Medieval	Unknown	Neutral	943018			538190	401860
163	English ketch, stranded & lost at Horse Shoe Point, 1895.	J MURRELL	SHIPWRECK	Post-Medieval	Unknown	Neutral	1302118			538190	401860
164	Norwegian schooner, stranded & lost at Horse Shoe Point, 1878.	BITON	SHIPWRECK	Post-Medieval	Unknown	Neutral	1368682			538190	401860
165	North Coates Old Sea Bank, recorded on Inclosure map 1858.		SEA DEFENCE	Post-Medieval	Low	Slight				536866	401861
166	VOID										
167	Concrete and brick pillbox or infantry post with three embrasures facing W and one each facing N and S. Each door has a half height blast wall. Built using brick shuttering. Hook present above each embrasure. Recorded as part of Defence of Britain project as in good condition. Unable to access during site visit.		MILITARY STRUCTURE	Modern	Medium	Moderate	1418134	43252 ML143252	S0002069	538119	401863
168	Site visit: reinforced concrete demolition material from structure of unknown purpose/location in the vicinity of Coastal Observation Point Asset 169.		MILITARY STRUCTURE	Modern	Negligible	Slight				538111	401919
169	World War Two square concrete coastal observation post entered by tunnel. Visible as structure on 1940/41 air photographs surrounded by barbed wire. Survives in fair to good condition.		MILITARY STRUCTURE	Modern	Medium	Moderate	1418136	43252 ML143252	S0002071	538104	401933
170	Coastguard Station 1888 & 1907 Ordnance Survey maps. Nothing visible during site visit.		COASTGUARD STATION	Post-Medieval	Low	Slight				538078	401963
171	A group of twentieth century military buildings and beach defences in the form of barbed wire obstructions, visible as structures on 1941/43 air photographs. The buildings were located in the SE corner of RAF North Coates and protected by barbed wire. Further barbed wire extended seaward of the seawall. Nothing visible during site visit.		MILITARY STRUCTURE	Modern	Negligible	Neutral	1450293			537700	402300
172	Site visit: Causeway to beach still used as a ditch crossing. Remnants of concrete surface visible on crest and at base of dunes.		MILITARY STRUCTURE	Modern	Low	Slight				537819	402385
173	Site visit: large horizontal concrete slab partially exposed in dunes on the seaward side of causeway Asset 172. Possible pill box roof or platform of unknown function? Nothing visible on opposite side of causeway but could be concealed by dune build up.		MILITARY STRUCTURE	Modern	Low	Neutral				537844	402407
174	RAF North Coates: a former military airfield used in both World Wars. Post-war it was used for training and then placed on Care and Maintenance status until reused in the Cold war as a Bloodhound Missile Base. Operational until 1990, part of site now used by a flying club.	NORTH COATES AIRFIELD	MILITARY AIRFIELD, MISSILE BASE, BLOODHOUND MISSILE SITE, AIRFIELD	Modern	Low	Neutral	1406812	46448 ML188641	S0014464	537115	402495
175	Second World War pillbox at RAF North Coates airfield, recorded as part of the Defence of Britain project.		MILITARY STRUCTURE	Modern	Medium	Neutral	1428566		S0014464	537500	402500

Asset Number	Description	Name	Site Type	Period	Sensitivity	Significance of Impact	NMR Ref	HER Ref	DoB Ref	Easting	Northing
176	Site Visit to RAF North Coates Missile Site: site visit in 2002 found buildings being demolished.		FIELD OBSERVATION	N/A	N/A	N/A		ELI6572		537160	402547
177	Old Sea Bank on North Coates Tithe Map 1842.		SEA DEFENCE	Post-Medieval	Low	Neutral				536080	402560
178	Site visit: remains of unknown structure immediately adjacent to the drain on the landward side of embankment. Brick walls and concrete cap in poor condition. Possible bridge abutment or pillbox? No sign of remains on opposite bank. Length of twisted metal of unknown function nearby - looks like possible rail track? Possibly same feature as Asset 179?		MILITARY STRUCTURE	Modern	Low	Slight				537726	402585
179	A World War Two pillbox at North Coates Airfield. It may have been built between 1940 and 1941. It formed part of the airfield's ground defences and also part of the Lincolnshire coastal anti-invasion defences. Nothing located on seaward side of embankment during site visit but seen during Defence of Britain survey - possibly same feature as Asset 178?		MILITARY STRUCTURE	Modern	Medium	? Neutral	1406858		S0007978	537800	402600
180	Two groups of twentieth century military buildings, one with a possible parade ground are visible as structures on 1930s air photographs, removed by 1941. Nothing visible during site visit.		MILITARY STRUCTURE	Modern	Negligible	Neutral	1450319			537300	402600
181	Approx course of North Coates Haven. Tithe map 1842.		FORMER LAND USE	Post-Medieval	Negligible	Neutral				536780	402730
182	Site visit: rectangular structure with collapsed roof, unknown function, visible as depression and concrete rubble on landward side of embankment. Possibly associated with World War Two airbase defences?		MILITARY STRUCTURE	Modern	Low	Slight				537656	402732
183	Groups of twentieth century military buildings on the eastern perimeter of RAF North Coates Coastal Command station airfield are visible as structures on air photographs. Some present in 1930s photographs, all extant in 1941 and some removed by 1947. Nothing visible during site visit.		MILITARY STRUCTURE	Modern	Negligible	Neutral	1450286			537500	402800
184	A twentieth century military building (probable pillbox) and barbed wire are visible as structures on 1941/43 air photographs. The pillbox was situated on the perimeter of RAF North Coates, seaward of the sea wall. Grid reference inaccurate as it places it within the airfield. A search of area on seaward side revealed no remains.		MILITARY STRUCTURE	Modern	Negligible	Neutral	1450281			537300	403100
185	Second World War concrete Type 23 pillbox, built using wood shuttering. Buried in sea defence bank, only one third exposed. North perimeter of former RAF North Coates.		MILITARY STRUCTURE	Modern	Medium	Neutral	1418137		S0002072	536538	403267
186	A cluster of at least four twentieth century bomb craters visible as a group of earthworks on 1943 air photographs.		BOMB CRATERS	Modern	Negligible	Neutral	1450284			537100	403300
187	Embankment recorded on 1907 Ordnance Survey map.		SEA DEFENCE	Post-Medieval	Low	Slight				536530	403300
188	Twentieth century causeway, trackway and two small military buildings are visible on 1946/47 air photographs. Causeway post-dates 1943 but pre-dates 1946. The buildings appear to have been built after 1947 but before 1955. The causeway runs from near the NE corner of RAF North Coates across uneven ground to the sand. Associated with Assets 189-191.		MILITARY STRUCTURE	Modern	Low	Slight	1450323			537110	403411

Asset Number	Description	Name	Site Type	Period	Sensitivity	Significance of Impact	NMR Ref	HER Ref	DoB Ref	Easting	Northing
189	Site visit: fragmented structural remains of unknown function. Breeze block 'zig-zag' shaped wall fragment at base of landward bank, steel rivetted girder and cement debris also visible in area. Probable remains associated with causeway.		MILITARY STRUCTURE	Modern	Low	Slight				537103	403417
190	Site visit: remains of a possible semi-sunken 'turret' structure associated with the causeway defences at Asset 160, in poor condition. Possible second turret remains also present on opposite side of causway but with possible collapsed roof in-situ. Post-World War Two aerial photographs (Asset 188) suggest may date from the Cold War period.		MILITARY STRUCTURE	Modern	Low	Neutral				537142	403420
191	Site visit: significant quantity of reinforced concrete demolition material to either side of causeway (Asset 188) on seaward side of embankment. Quantity of rubble indicates either large or numerous structures. Post-World War Two aerial photographs suggest may date from the Cold War period.		MILITARY STRUCTURE	Modern	Low	Neutral				537117	403442

205	World War Two type 23 pillbox partly buried by sea bank on north perimeter of RAF North Coates.		MILITARY STRUCTURE	Modern	Medium	Neutral	1406836			536800	403500
206	Site visit: concrete door lintel and upper part of door void partially visible on inland bank, surrounding concrete structure concealed in bank and by subsequent slippage/infilling. Forms access point for tunnel to pillbox (Asset 207) on opposite side of embankment. Some rubble of unknown origin present downslope of tunnel entrance.		MILITARY STRUCTURE	Modern	Medium	Moderate				536982	403527
207	A World War Two pillbox at North Coates Airfield. The concrete pillbox is built into an embankment. It may have been built between 1940-1941 and acted as both part of the airfield's ground defences and part of the local Lincolnshire Coastal anti-invasion defences. Confirmed as extant during site visit, in good condition. Possible Type 23 variant.		MILITARY STRUCTURE	Modern	Medium	Moderate	1406839		S0006939	536985	403535
208	Area part of sea in Tetney Enclosure Award 1779.		FORMER LAND USE	Post-Medieval	Negligible	Neutral				536220	403540
209	Two twentieth century structures on mounds, possibly natural sandbanks, and a triangular marker cairn visible on a 1946 air photograph. The features are located on the sands between the low and high mean water marks and may be aligned with the causeway Asset 188.		MILITARY STRUCTURE	Modern	Negligible	Neutral	1450325			537100	403900
210	Brig. stranded & lost at Tetney Sand, 1867.	PRINCE SAXE COBOURG	SHIPWRECK	Post-Medieval	Unknown	Neutral	1350030			536460	404220
211	Approximate position of 'Rocket Post' recorded on 1906 Ordnance Survey map.		COASTGUARD STATION	Post-Medieval	Unknown	Neutral				545860	393320
