

Appendix A1: Buildings Contexts: General Analysis

Compiled by

Denis Miles

Notes - Buildings were only recovered in Periods 2, 3A, 3B and 4. This is a complete list of all Units belonging to buildings. "General" refers mainly to structural units in use throughout the life of the building and to other units that cannot be allocated to specific floors. Floor 1 precedes Floor 2 etc. "S*" structural features with artefacts and other data probably associated with occupation activity. "S" structural features. "A" occupation activity, ie. finds and samples locked onto floors. For further explanation of S*, S and A, see § 2.1.
