*File fyfodmaster: bibliog.doc (as @ 6.vii.97.: many of the items are now redundant i.e. they have not been used, but few have as yet been cross-referenced with the text, and vice versa. Included are all the items from the TWA finds bibliog., most of which will not appear in the text or even Appendices; but they are there in the three vols. of the TWA finds rpts. In the Archive which, as far as I am concerned, is part of the 'publication'. My hunch is to keep them in here, as indicators of the academic infrastructure underlying the cursory treatment of excavated material in print. -pjf)*
