Abstract of Accounts

An abstract of the Treasurer's Annual Accounts is exhibited for inspection by Fellows in the Library. Copies were available on application—as announced in the recently circulated Council billet—and an abbreviated abstract of Accounts was circulated to all Fellows.

Editor's Report

Volume XCVIII of the *Proceedings* has been completed and is in process of distributions. The Council wishes to acknowledge generous grants towards the cost of publishing this volume from H.M. Treasury (for the Ancient Monuments Inspectorate of the Ministry of Public Building and Works and for the National Museum of Antiquities of Scotland) and from the Council for British Archaeology.

Volume XCIX, after a reorganisation of material, has been made up and should be sent to the printers shortly, while a considerable amount of material is already in hand for inclusion in Volume C.

This Report was unanimously approved on the motion of Mr J. N. G. Ritchie seconded by Mr A. MacLaren.

The Treasurer then made his Report regarding the funds of the Society for 1966-7 and read the Auditors' docquet.

In explaining the Accounts the Treasurer stated that the figures shown for the current period were for nine months because of the change in the date of the end of the financial year. As a result, some of the funds showed an Excess of Expenditure over Income. For example the Excavation Fund where a full year's grant had been made to cover the summer season whereas only nine months income had been received. This was not a cause for worry, since the situation would adjust itself in the next financial year. The Treasurer referred to the tax recovered on Deeds of Covenant which (less expenses) was this year £207 11s., compared with £137 7s. 6d last year. This was a very satisfactory increase, but he appealed for still more Fellows to sign a Deed of Covenant which costs them nothing but greatly helps the funds of the Society.

The figure in the General Fund of £1156 8s. Excess of Income over Expenditure showed that the funds of the Society were in a satisfactory state.

The Accounts were then approved on the motion of Mr A. R. Cross seconded by Lord Elibank.

The President thanked the Treasurer on behalf of the Society.

The Ballot having been concluded the Scrutineers found and declared the list of the Council for the ensuing year to be as follows:

Professor A. A. M. Duncan, M.A. (Society Representative on Board of Trustees for the National Museum).

Gordon Maxwell, M.A. (Editor).

General Scott-Elliott regretted that he had had to resign from the post of President before the completion of his term of Office. He was moving out of Scotland and felt that he could not properly carry on his task from his new location. He had enjoyed his tour of duty and wished his successor, Professor Piggott, well for his term. He thanked the Secretary, the Treasurer and the Assistant Secretary for the hard work that they had done for the Society, and he handed over to Professor Piggott.

Professor Piggott thanked the Society for electing him and hoped that his term of office would be a successful one for the Society.

As had taken place last year the President announced that there would be five speakers giving short verbal notes on a variety of subjects. These were:

A. MacLaren

Cairn at Limefield, Lanarkshire.

Ian Crawford

Excavation at Udal, N. Uist.
