

Appendix

REGISTER OF LITHIC RAW MATERIALS COLLECTED FOR COMPARATIVE ANALYSIS

An Corran, Staffin, Skye NG 492 685	Various pebbles and nodules of baked mudstone collected from screens above the excavated site.
An Corran, Staffin, Skye NG 491 686	Various pebbles and nodules of baked mudstone collected from the shore below the excavated site.
An Corran B, Staffin, Skye, NG 4885 6851	Flint-like nodules collected from exposures in till. Eg: 45x31x30mm.
Bloodstone Hill, Rùm, NG 315 007	Samples of Rùm bloodstone previously collected.
Brochel Forest, Raasay, NG 5814 4547	Flint-like pebbles collected. Eg: 55x45x28mm.
Eilean Mhuire, Shiant Isles, NG 431 987	Nodule of baked mudstone donated by Adam Nicholson. 86x60x46mm.
Flodigarry, Skye, NG 465 715	Large nodule of flint collected from erosion section in till. Identified in BGS. 129x98x77mm.
Loch Cleap, Skye NG 4687 6638	Two shattered bits of flint-like material collected from shoreline. 47x42x27mm & 38x27x18mm.
Lón a'Mhuilinn, Staffin, Skye NG 4840 6715 – NG 4732 6556	Shattered flint-like pebbles of varying size collected along burn.
Lón Glas, Staffin, Skye, NG 4792 6672 – NG 4738 6618	Shattered flint-like pebbles of varying size collected along burn.
Marishader, Skye NG 2875 6438	Shattered flint-like pebbles and a nodule of silicified stone collected from the Kilmartin River.
Staffin Bay, Skye, NG 483 683	Flint-like nodule collected from shingle beach at High Water mark. 60x56x54mm
Ob Gavscaigaig, Sleat, Skye	Two flint-like nodules collected from beach. 41x37x30mm & 40x36x25mm.

Staffin Bay, Skye, NG 4728 6888 – NG 4825 6834 Flint like pebbles and larger nodules collected along beach at High Water mark. Eg: 30x22x22mm & 67x65x64mm.

Stenscholl River, Staffin, Skye NG 4845 6835 Chunk of flint-like material 97x43x29mm, and a chunk of baked mudstone 43x41x34mm collected from the outflow of the Stenscholl River.

Stenscholl River, Staffin, Skye NG 4845 6835 Four flint-like pebbles collected from the outflow of the Stenscholl River. Eg: 39x20x17mm

Stenscholl River, Staffin, Skye NG 4845 6835 Flint-like nodule collected from the outflow of the Stenscholl River. 78x70x45mm

Stenscholl River, Staffin, Skye NG 4845 6835 Two flint-like nodules collected from the outflow of the Stenscholl River. 57x41x21mm & 51x43x37mm

Stenscholl River, Staffin, Skye NG 4845 6835 Flint-like pebbles collected from the outflow of the Stenscholl River. Eg: 50x49x36mm

Stenscholl River, Staffin, Skye NG 4845 6835 Two fine grained volcanic nodules collected from the outflow of the Stenscholl River. 111x82x50mm & 88x51x36mm

Suarbie Burn, Staffin, Skye NG 4842 6584 – NG 4800 6538 Shattered flint-like pebbles of varying size collected along burn.

Suarbie Burn, Staffin, Skye, NG 465 683 Flint-like pebbles collected from till exposures in side of burn along course of burn. Eg: 76x43x32mm.
