

## Selected\_quarries\_final\_export\_output

**Description:** Quarries selected due to their ASLF eligibility from the BGS Artificial Ground Layers shapefile

**Area Covered:** Thames Gateway areas of Essex

### **Polygon Data:**

a) Individual polygons (from the BGS Artificial Ground Layer) with ASLF eligibility criteria applied.

### **Attributes:**

Field	Comment	Source Data
SHAPE:	The shape files of data are polygons.	Essex.shp shapefile (supplied by BGS)
BGS_lexico	A two-part code, LEX & ROCK, used to label each polygon of DigGMapGB data and for creating legends	Essex.shp shapefile (supplied by BGS)
LEX	Lexicon Code. First part of the LEX_ROCK label. Up to 5 characters (mostly letters). An abbreviation of the named rock unit as listed in the BGS Lexicon: e.g. 'WGR'	Essex.shp shapefile (supplied by BGS)
ROCK	A code, up to 5 letters, for the type of rock, and forming the second part of the Lex_Rock label. It is an abbreviation of the lithology as listed in a BGS database or dictionary called Dic_Rock_Type: e.g. 'OPEN' for worked ground.	Essex.shp shapefile (supplied by BGS)
Category	Description of the Lexicon code above giving the name of the unit: e.g. Worked Ground is the name of the unit coded as WGR	Essex.shp shapefile (supplied by BGS)
Form	The form of the deposit, if applicable	Essex.shp shapefile (supplied by BGS)
Material	The material forming the deposit, where known	Essex.shp shapefile (supplied by BGS)
Mineral_Ex	The mineral extracted from workings & former workings, where known	Essex.shp shapefile (supplied by BGS)
Note	Additional information	Essex.shp shapefile (supplied by BGS)
Sheet	The 1:10,000 map sheet on which the polygon lies, allowing cross reference to the metadata spreadsheet	Essex.shp shapefile (supplied by BGS)
Hectares	Area covered in hectares	mwessexdists.2002 shapefile (ECC)
Status	Current status ie.active, disused	mwessexdists.2002 shapefile (ECC)
Material_1	The material forming the deposit, where known	mwessexdists.2002 shapefile (ECC)
Site_name	Usual name by which the site is referred to (where known)	mwessexdists.2002 shapefile (ECC)
Operator	Company owning/quarrying the site	mwessexdists.2002 shapefile (ECC)

<i>Recno</i>	Unique ASLF id number
