THE following modest list comprises the books in the Library of the Society. It is based on a list drawn up and checked by a Sub-Committee consisting of Major Laffan, and Messrs. J. W. Dodgson and H. T. Morley, in July, 1926. The present Librarian has been commissioned to add works, especially of a local archæological and historical interest; and he would be grateful if Members who have duplicate or other volumes which they can spare, will communicate with him. All gifts and other additions will be duly noted and acknowledged in succeeding issues of this Journal. Address:—J. H. Sacret, Esq., The University, Reading.
