

Oxfordshire Ladies Brass Rubbing Society.

Miss Swann (Secretary of The Oxfordshire Ladies Brass Rubbing Society) writes as follows :—

“I have no Ladies Brass Rubbing report for this year. We shall not publish any more. The fact is, at my age (in my 89th year), I am unequal to the work I have done for so many years and though we still keep up our Society's meetings we cannot have them as often and as regularly as we did in past years.”

All our readers will regret no more reports of this Society which has done such good work in Oxfordshire will ever again appear in our pages. We both hope and trust Miss Swann will be spared to continue all the work in which she takes so much interest.
