

13.Pin Hole Cave Sediment and Stratigraphic Archives

13.1 View of the Creswell Gorge

11.2 Location of the Creswell Gorge within Eastern UK.

13.3 Plan of the Creswell Gorge showing the location of Pin Hole Cave.

13.4 Pin Hole Cave ,late 19th century entrance to Pin Hole Cave

13.5 Pin Hole Cave, 19th century illustration of Pin Hole

13.6. Pin Hole Cave,view of the Pin Hole entrance in the 1970s

13.7. Pin Hole Cave, ground plan from the 1977 survey by Jenkinson

13.8.Pin Hole Cave long section surveyed by Jenkinson 1977.

13.9. Location of the Uth samples in Pin Hole Cave (Rowe and Jenkinson 00}

13.10. Long section of Pin Hole Cave, showing the location of Uth samples,
(Rowe and Jenkinson 00}

13.11 Albert Leslie Armstrong in the Pin Hole entrance holding a mandible of
European Lion. (Manchester}

13.12. Pin Hole, 1920s with Albert Armstrong and Garfitt. (Manchester}

13.13 Stylized section of the seiment infill related to the reconstructed
Stratigraphic Levels.

13.14. Sediment infill recorded by Armstrong.

13.15. Ground plan in the 1
920s (Atmstrong}

13.16. Pin Hole Cave wireframe diagram based upon Jenkinson and Le roux

13.17.Pin Hole Cave rear section and location of the 1984 excavation

13.18 Location of the Jenkinson excavation 1984.

13.19. Excavation 1985, sediment infill upper rear section

13.20 Excavation 1985, sediment infill lower rear section.

11.21 Excavation 1985, showing micro excavation techniques.

13.22. Excavation 1985. recording in the lower section.

13.23 Laboratory photograph of the Block f'rom the Inner chamber.

13.24. Microvertebrates recorded in the 1984 excavation.

13.25 Location of the Creswell Gorge looking east.

13.26. Topographic cartoon of the Creswell Gorge.

13.27, Pin Hole Cave entrance circa 1920s

13.28, Mammoth tibia with stalagmitic coating.
