

**Geophysical Survey
Treswarrow Farm
St Endellion
Cornwall**

**Abstraction and interpretation of
magnetometer anomalies -
Areas 2 & 3 south**

- Positive linear anomaly - cut feature of archaeological potential
- Positive linear anomaly - possible ditch-like feature
- Positive linear anomaly - former field boundary
- Negative linear anomaly - material of low magnetic susceptibility
- Discrete positive response - possible pit-like feature
- ▨ Positive anomaly - magnetically enhanced material
- ▨ Variable magnetic response - of natural origin
- Strong dipolar anomaly - ferrous object
