

Geophysical Survey
Kingston Farm II
Bradford-on-Avon
Wiltshire

**Abstraction and interpretation of
magnetometer anomalies -
Area 2**

- Positive linear anomaly - cut feature of archaeological potential
- Positive linear anomaly - possible ditch-like feature
- Negative linear anomaly - material of low magnetic susceptibility
- Discrete positive response - possible pit-like feature
- ◆ Positive anomaly - magnetically enhanced material
- ▨ Magnetic debris - spread of magnetically thermoremanent/ferrous material
- ▨ Magnetic disturbance from ferrous material
- Strong multiple dipolar linear anomaly - pipeline / cable / service
- Strong dipolar anomaly - ferrous object
