

**Geophysical Survey
Kingston Farm II
Bradford-on-Avon
Wiltshire**

**Abstraction and interpretation of
magnetometer anomalies
combined with the results of a
previous survey**

- Positive linear anomaly - cut feature of archaeological potential
- Positive linear anomaly - possible ditch-like feature
- Linear anomaly - of agricultural origin
- Negative linear anomaly - material of low magnetic susceptibility
- Discrete positive response - cut feature of archaeological potential
- Discrete positive response - possible pit-like feature
- ⊞ Positive anomaly - magnetically enhanced material
- ⊞ Negative anomaly - material of low magnetic susceptibility
- ⊞ Broad linear anomaly - lynchet
- ⊞ Magnetic debris - spread of magnetically thermoremanent/ferrous material
- ⊞ Magnetic disturbance from ferrous material
- Strong multiple dipolar linear anomaly - pipeline / cable / service
- Strong dipolar anomaly - ferrous object
