

GIS documentation for the Archaeology Data Service

Please fully document and record the GIS that you intend to submit to the ADS for archiving. The table below provides a template for generic information required for archiving GIS, examples are provided in greyed out italics below. Please be sure to also complete the accompanying document (GIS_file_metadata.doc) to provide us with a list of all layers within the project.

Project Title	<i>Bosworth Battlefield Project</i>
Hardware:	<i>Windows PC</i>
Software:	<i>MapInfo Professional 8.5</i>
Date of Creation:	<i>2004 - 2010</i>
Coverage	<i>Leicestershire townships of Upton, Sutton Cheney, Shenton, Stoke Golding, Higham on the Hill, Dadlington</i>
Author:	Glenn Foard g.foard@hud.ac.uk ; Anne Curry a.e.curry@soton.ac.uk ; Peter Masters p.masters@cranfield.ac.uk ; Tracey Partida partidat@aol.com ; David Hall hargravefields@aol.com ; Mark Page mrp15@leicester.ac.uk ; Rodney Burton rodney.burton@luukku.com ; University of Birmingham (Benjamin Grearey b.r.gearey@bham.ac.uk); University of Bradford (Graeme Swindles now G.T.Swindles@Leeds.ac.uk) ; Richard Knox, Leicestershire County Council Richard.Knox@lcc.gov.uk Barrie Cox barriehcox@btinternet.com

Data Sources:	<p><i>Datasets derived from historic maps including estate, tithe and enclosure; documentary sources such as surveys, terriers and schedules; Ordnance Survey 2" Surveyors Drawings from 1810s; Ordnance Survey 1st edition 1:10560 registered to OS MasterMap; HER digital data; fieldwalking by David Hall; GPS data from metal detecting survey; digitising.</i></p> <p><i>Geology from BGS digital data Soils from NATMAP vector data Relief from OS Landform Profile DTM and NextMapBritain from Getmapping. Ridge and furrow and settlement earthworks from NMR and LCC vertical air photos</i></p>
Projection:	<i>British National Grid</i>
Scale of data capture:	<i>Various</i>
Scale of data storage:	<i>Various</i>
Assessment of data quality:	<i>Data provided by third parties – see data sources above – has not been validated by the project</i>
Method of original data capture:	<i>Digitisation within MapInfo.</i>
Purpose of data creation:	<i>A study of Bosworth battlefield</i>
Ownership	<i>Leicestershire County Council The Battlefields Trust</i>
