Cow Tag 62 Type purpose unknown Possible frame fragment

Description Dry timber. Severely damaged at one end possibly due to machine on site. No evidence of fasteners. Measures 60cm in length. 20cm x 15cm in section. Function of this timber is unclear may have been a frame fragment or possibly part of a substantial river-front structure. There is a possible rebate visible on surface c (see drawing) It may also be a partial nail hole. It measures 5.5cm in length and 1cm deep.

Wood Science:

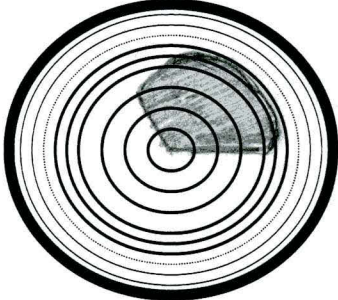

Approx 20 rings
Oak.

Bark Yes No

Sapwood Yes No

Knotty Yes No

Straight grained Yes No
