21st March 1997

Dear Veronica

AK 25.3.97.

Archaeological Watching Brief - 46 Old Maltongate, Malton, North Yorkshire

The watching brief on this site has been completed between Tuesday 18th and Friday 21st March 1997. I watched the levelling on the site for the new houses, the excavation of footings for a raft, and the excavation of the drainage trench at the above site. No archaeological deposits were uncovered. The excavations revealed modern dump deposits to a depth of c. 0.45m in the drainage trench and 0.25m on the housing raft. Three residual sherds of medieval pottery were recovered.

Yours sincerely,

*K Hunter*
