ARCHAEOLOGICAL WATCHING BRIEF

C355 SOUTH OF KENNYTHORPE LANE, BURYTHORPE

An Archaeological Watching Brief was undertaken during the construction works associated with the widening of the C355 south of Kennythorpe Lane, Burythorpe.

Removal of the topsoil exposed the natural sand subsoil.

No archaeological features or deposits were observed during the course of the works. Equally no finds were recovered.

The total absence of finds and features would suggest that the Roman activity illustrated by the site of the villa immediately to the north does not extend into the specific area observed.
