Ann Hudson

Notes: Alphabetization is word-by-word. A page reference followed by *illus* indicates an illustration or illustrations; there may also be relevant text on these pages. References to the colour plate section are given as 'Plate 1' etc. In the 'Fieldwork in Cambridgeshire 2017' section, pages 169 to 189, entries are made only for site names; the sites listed on pages 189 to 190 which produced little of archaeological interest are omitted. Entries for periods (for example, 'Anglo-Saxon period') give page references for complete articles containing relevant material.

- A14 Cambridge to Huntingdon Improvements, fieldwork sites, 169–171
