January 30th 75.

Dear Mr. Chittick.

Yes - of course I'd love to help
you in any way I can about the ~~Roman~~
beads from Aksum. I shall, perhaps,
know something about the late group - 4th c
ones, but can only rather guess where they
may have obtained the later ones from - as
I've only recently begun working on post-Roman
ones. Again I may be able to spot
some of Mediterranean origin but cannot
promise.

At all events I'd be delighted to try
+ if your examples come from dated
contexts all the better! We can help each
other. But don't expect too much of me.
This is made the more necessary as there were
thousands of little local factories all
turning out their own repertoire.

So send me anything you want to + I
can do what I can.

Yours sincerely,

Margaret Guido
