

The form on the next page is a proforma for the creation of a site archive index. It forms the index for the archive and must be deposited with the archive. It also acts as a prompt to ensure all relevant information is included in the archive.

Please insert the site information and accession number where marked.

Please state the nature and quantity of material present in the archive, according to the categories listed (e.g. '52 pages', or '1 CD', or '3 boxes')

Please delete any categories of material which are not present in the archive.

Any additional information or material not listed below, but which is part of the site archive, must be included and indexed.

Copies of the legal paperwork must be handed to Jenny.

Please save the document under the project number folder in Projdocs as
'[proj no.] Archive Index'
