**Abstraction and interpretation of  
magnetic anomalies**

- Positive rectilinear anomaly - enclosure ditch
- Positive linear anomaly - possible ditch-like feature
- Linear anomaly - of agricultural origin
- Negative linear anomaly - land drain
- Positive linear anomaly - former field boundary
- Negative linear anomaly - material of low magnetic susceptibility
- Positive linear anomaly - of possible natural origin
- Discrete positive response - possible pit-like feature
- Discrete positive response - of possible natural origin
- Positive anomaly - magnetically enhanced material
- Magnetic debris - spread of magnetically thermoremanent/ferrous material
- Magnetic disturbance from ferrous material
- Strong dipolar anomaly - ferrous object
