

SUSSEX ARCHAEOLOGICAL COLLECTIONS

Relating to the history and antiquities
of the counties of East and West Sussex

Volume 138
2000

Published by
The Sussex Archaeological Society
Lewes

Since 1846 the Sussex Archaeological Society has recorded and preserved the counties' historical and archaeological heritage. The museums and historical sites it opens to the public include Fishbourne Roman Palace, Lewes Castle and the adjacent Barbican House Museum, and Michelham Priory. The Membership Secretary will be pleased to hear from anyone interested in joining the Society.

Sussex Archaeological Collections is issued to members annually and is the leading journal for publishing the results of research on Sussex's history and archaeology. Prospective contributors should obtain 'Notes for contributors' from the Society's office and are encouraged to discuss possible articles with the Editor before submission. The Editor will be pleased to arrange assistance to authors who are inexperienced in writing up research for a scholarly journal.
