

MOLA Survey Report for Crossrail

Event code / MOLA site code	TCG09
Sub-site division (if applicable)	N/A
Site Address	12, Goslett Yard, London, WC2
Type of archaeological fieldwork	Evaluation
Coordinate system	OSGB36
Survey method and control	Optical survey using MOLA GPS control
Survey date / surveyors	11/12/2009, G. Simons and S. Jones. Report compiled by C. Drew
Derivation of vertical control	Derived from Ordnance Survey Benchmark on the north-west corner of St Patrick's Church which has a value of 26.02m above Ordnance Datum.
Values of TBMs	Site TBM located on west side of trench 1, with a value of 25.25mOD.
Additional information	Survey was tied into 3D control loop previously established for the work at Tottenham Court Road Underground Station. This control loop was tied into the OSGB36 by differential GPS. The digital deliverable was created in AutoCAD2009 and exported to Microstation dgn V8 format.
