

# OUR DAY BEGINS

July 29, 2011 cartvol Day of Archaeology, Day of Archaeology 2011 Anthropology, Archaeology, Field Director for Prehistoric excavations, Kathleen Lowe, smile

C.A.R.T.'s Day of Archaeology has started.

 Our Door

Of course it starts as a day of foibles as an accident on the highway has made everyone late and today we have a projected heat index of 105+ degrees F. Sad part is that it is not the hottest day we have had yet.

Anyway, here is a big good morning smile from Kathleen Lowe, Field Director for Prehistoric excavations.

 Good Morn!
