

## FESTIVAL OF BRITISH ARCHAEOLOGY – BATH EVENT

July 29, 2011 Roman Baths Museum Archaeological Prospection, Day of Archaeology, Day of Archaeology 2011, Museum Archaeology, Prehistory Archaeology, Arts Barn, Bath, Facebook, Festival of British Archaeology, geophysics, http, Roman Baths Museum, Somerset, Twitter, University of Bath

We here at the Roman Baths Museum are gearing up for a fab, fun filled day of archaeology in celebration of the Festival of British Archaeology.

We have been preparing information boards, a handling collection, self-guided walks and we have even involved the local school children (who will be there too with their displays on the day).

There will be guided walks, coil pot making, live geophysics and much, much more...

So if you would like to come and join in the fun and learn a little bit more about the prehistory of Bathampton Down then why not come along to 'The Secrets of the Downs'

Saturday 30th July 2011 11am – 4pm – Arts Barn, University of Bath, BA2 7AY
