#ARCHIVELOTTERY 2016 – PART 1: GENERAL FINDS
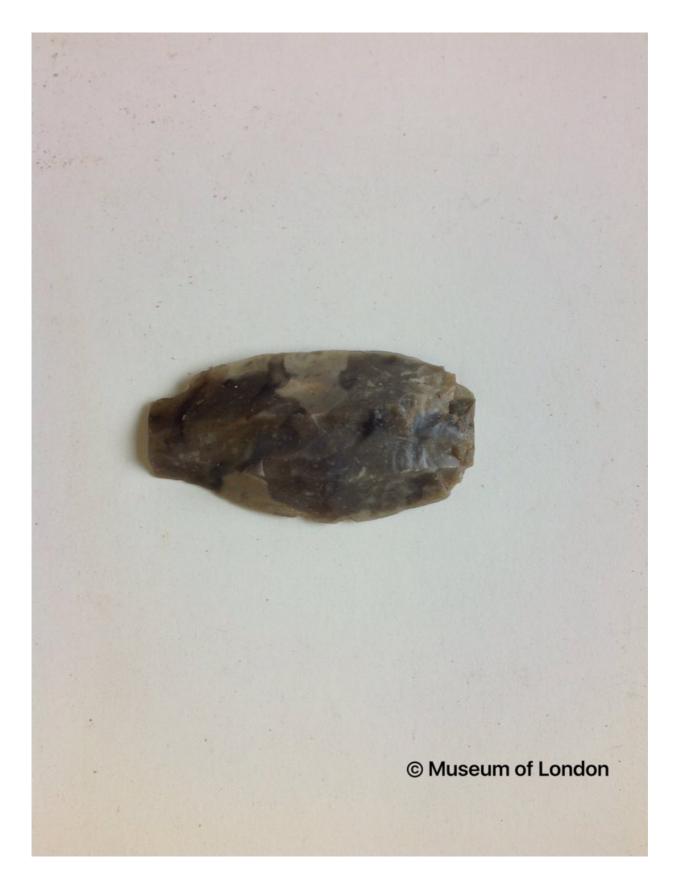

It's great to be back and what a start we've had to this year's #ArchiveLottery.

Our first object was from @lornarichardson and their choice of shelf 397 generated this amazingstoneware bottle

Also in the past hour we've had some flint from shelf 310 (thanks to former Archive digital records office @andyfev for this)

And one of our favourite items has been this roman strainer from Brockley Hill (shelf 4). Thanks to @Colmuseum's @Jess_Dowdell for this one

Next up it's our Registered finds: objects assigned an individual number (akin to an museum accession number) because they are of particular interest. Tweet @AdamCorsini using with #ArchiveLottery and a number between 1 and 500 to discover, completely at random, what that shelf holds… – and we'll post back our results around 1pm
