

# VOLUNTEER ARCHAEOLOGY: RAIDERS OF THE LOST ARCHIVE

July 29, 2016 MOLA Archives, Commercial Archaeology, Day of Archaeology, Day of Archaeology 2016, Education, UK archiving, environmental processing, osteoarchaeology, processing, Volunteer, Zooarchaeology and Archaeobotany

By [Cardiff University](#) students, Shannon and Yasmine, volunteering at [MOLA](#).

Hello! Our names are Shannon and Yasmine, hailing from Cardiff University as Bsc Archaeology undergraduates. We bid MOLA farewell and offer a brief summary of all the things we've been able to get up to whilst we've been volunteering, and the things all you other Young 'uns out there can get down and dirrrty with.

Over the 4 weeks we have spent here, we have been able to help out in a number of different departments including: Environmental Processing, Archiving, Osteoarchaeology, Zooarchaeology and Archaeobotany! And even got a few cheeky complimentary lectures along the way on cool stuff like Identifying different seeds, Invertebrae/ Vertebratae anatomy and health markers on Human bone!

Adios! Thank you one and all and we hope you see you again!

*Lovely ladies in MOLA's processing team*

*Yasmine getting all the horrible concrete mud & peaty stuff haha*
