

Data Fig 15 Raman spectrum obtained for yellow material on wood <142>a from box <S22>: top spectrum (green), sample material; middle spectrum (blue), reference spectrum for goethite; bottom spectrum (pink), reference spectrum for amorphous carbon

Data Fig 16 Raman spectrum obtained for red material on wood <142>a from box <S22>: top spectrum (blue), sample material; bottom spectrum (pink), reference spectrum for haematite

Data Fig 17 Raman spectrum obtained for white material on wood <142>a from box <S22>: top spectrum (dark blue), sample material; bottom spectrum (light blue), reference spectrum for gypsum

Data Fig 18 Raman spectra obtained for the two garnets on lyre
<S58>: top spectrum, <164>; bottom spectrum, <165>
