ACKNOWLEDGMENTS

THE THANKS of the Society are due to the Department of the Environment for grants towards the cost of publishing reports of survey and excavation at Millstone Hill, Northumberland; Well House Farm, Newton; Middle Gunnar Peak, Barrasford; the Castle ditch, Newcastle upon Tyne; the Magdalene Chapel, Warkworth; and of the third report of survey in upper Redesdale. The Society has to thank the Trustees of the Mary Robson Lilburn Memorial Fund which has wholly borne the cost of publishing the article on Robert Lilburne and also the City of Newcastle upon Tyne for their grant towards the cost of publishing the report of excavation of the Castle ditch. We have to thank, too, The Hadrianic Society for a grant towards the cost of the article "Stonework and the Archaeologist".

Finally we are once more grateful to Professor R. N. Bailey for compiling the index.

EDITORIAL NOTE

For the guidance of authors the following regulations have been made:

1. All papers submitted for consideration must be clearly typed, double-spaced on quarto (or A4) pages, with all references filled in ready for printing, subject only to correction of printer's errors.
2. These papers, if accepted, must be in the hands of the Editor at Albany House, West Blandford Street, Newcastle upon Tyne, NE1 4HZ, by 30th January each year, otherwise they cannot be included in that year's volume.
3. If more papers are accepted than can be printed in any one year, the Editor will decide as to which shall have priority.
4. Authors receive twenty-five free copies of their papers. More copies can be had at cost price if ordered at proof stage.
5. Line illustrations will normally be reproduced in the text as *figures*. Line drawings should be no larger than 85 × 60 cm and preferably of such a proportion as will reduce to a finished size within the limits of 140 × 185 mm.
6. Owing to the process now adopted for printing *A.A.* the lines of illustrations should be drawn more firmly than formerly and stipples should be relatively coarse.
7. Authors are reminded that alterations at proof stage are prohibitively expensive, so the text as submitted should be final.
