ACKNOWLEDGMENTS

THE THANKS of the Society are due to the Department of the Environment for grants towards the cost of publishing reports of excavations at Doubstead, near Scremerston, at West House, Coxhoe, and at Berwick upon Tweed; and the fourth report of survey and excavation in upper Redesdale.

The Society also thanks the County Council of Tyne & Wear for a grant towards the cost of publishing the report of the excavation at Warden Law, Tyne & Wear, the President and Trustees of Bowdoin College, Maine, for a grant towards the cost of publication of Professor Howell's article, and the Sunderland Polytechnic for a grant, received in 1981 too late for notice in that year's volume, in aid of the publication of *Archaeologia Aeliana*.

The Editor is indebted to several members who have read papers for him or advised on specific points; most of all to Professor R. N. Bailey for continuous advice and support and for compiling the index.

EDITORIAL NOTE

For the guidance of authors the following regulations have been made:

1. All papers submitted for consideration must be clearly typed, double-spaced on quarto (or A4) pages, with all references filled in ready for printing, subject only to correction of printer's errors.
2. These papers, if accepted, must be in the hands of the Editor at Albany House, West Blandford Street, Newcastle upon Tyne, NE1 4HZ, by the second Tuesday in January each year, otherwise they cannot be included in that year's volume.
3. If more papers are accepted than can be printed in any one year, the Editor will decide as to which shall have priority.
4. Authors receive twenty-five free copies of their papers. More copies can be had at cost price if ordered at proof stage.
5. Line illustrations will normally be reproduced in the text as *figures*. Line drawings should be no larger than 85 × 60 cm and preferably of such a proportion as will reduce to a finished size within the limits of 140 × 185 mm.
6. Owing to the process now adopted for printing *A.A.* the lines of illustrations should be drawn more firmly than formerly and stipples should be relatively coarse.
7. Authors are reminded that alterations at proof stage are prohibitively expensive, so the text as submitted should be final.
