XII Frontage of Trinity House, Broad Chare, Newcastle upon Tyne	181
XIII Antler mattock from Willington Quay, Wallsend	205
XIV Long Benton church, 1985	218

ACKNOWLEDGEMENTS

THE THANKS of the Society are due to the Historic Buildings and Monuments Commission for England for grants towards the cost of publication of Miss Deirdre O'Sullivan's report on the excavation in Holy Island Village in 1977 and of Mr. Roger Miket's report on his excavation of some burials near Eglingham, Northumberland. The Society is also grateful for a grant from the University of Newcastle upon Tyne towards the cost of publication of the report on an excavation in St. Mary's church, Ponteland, by Professor R. N. Bailey and others.

The Editor is greatly indebted to several members of the Society for reading papers and advising him, and to Professor Bailey for continued support and for the preparation of the index.

EDITORIAL NOTE

For the guidance of authors the following regulations have been made:

1. All papers submitted for consideration must be clearly typed, double-spaced on quarto (or A4) pages, with all references filled in ready for printing, subject only to correction of printer's errors.
2. These papers, if accepted, must be in the hands of the Editor at Albany House, West Blandford Street, Newcastle upon Tyne, NE1 4HZ, by the second Tuesday in January each year, otherwise they cannot be included in that year's volume.
3. If more papers are accepted than can be printed in any one year, the Editor will decide as to which shall have priority.
4. Authors receive twenty-five free copies of their papers. More copies can be had at cost price if ordered at proof stage.
5. Line illustrations will normally be reproduced in the text as *figures*. Line drawings should be no larger than 85×60 cm and preferably of such a proportion as will reduce to a finished size within the limits of 140×185 mm.
6. Owing to the process now adopted for printing *A.A.* the lines of illustrations should be drawn more firmly than formerly and stipples should be relatively coarse.
7. Authors are reminded that alterations at proof stage are prohibitively expensive, so the text as submitted should be final.
