ARCHAEOLOGIA CAMBRENSIS

2023—

Cambrian Archaeological Association – Cymdeithas Hynafiaethau Cymru

INTRODUCTION

This index, unlike the four published indexes for earlier volumes of *Archaeologia Cambrensis*, is a compilation of the separate indexes published in the back of individual volumes published since 2023, which it is intended will be updated annually. The page numbers are those in each of the published volumes.

The contents of individual volumes published since 2001 are given on the Cambrian's website at <cambrians.org.uk/archaeologia-cambrensis>.

Note that this index relates only to the main articles in this volume, and therefore exclude entries relating to *inter alia* editorials, obituaries, meetings reports and grant awards.

To conform with the cumulative indexes, locations of places in Wales are identified by pre-1974 historic counties as follows: Anglesey (Angl.); Brecknockshire (Breckn.); Carmarthenshire (Carms.); Caernarfonshire (Caerns.); Cardiganshire (Cards.); Denbighshire (Denbs.); Flintshire (Flints.); Glamorgan (Glam.); Merioneth (Mer.); Monmouthshire (Mons.); Montgomeryshire (Monts.); Pembrokeshire (Pembs.); Radnorshire (Radns.). See also note on historic Welsh counties and Welsh place-names in *Archaeologia Cambrensis* 163 (2014), 315–19.

Index to Contents Volume 172

Entries relate only to the main articles in this volume. To conform with the cumulative indexes, locations of places in Wales are identified by pre-1974 historic counties as follows: Anglesey (Angl.); Brecknockshire (Breckn.); Carmarthenshire (Carms.); Caernarfonshire (Caerns.); Cardiganshire (Cards.); Denbighshire (Denbs.); Flintshire (Flints.); Glamorgan (Glam.); Merioneth (Mer.); Monmouthshire (Mons.); Montgomeryshire (Monts.); Pembrokeshire (Pembs.); Radnorshire (Radns.). See also note on historic Welsh counties and Welsh place names in *Archaeologia Cambrensis* 163 (2014), 315–19.

Errata: in Vol. 171 the first name of Sir Frederic Kenyon is spelled incorrectly with a ‘k’ and the index cites his name as being on pp, 117–8, when it should be on pp. 115–6, along with other names on 115–6.
