

Lennon: Description of Procedurally Generated Ruins
April 2, 2018
Andrew Reinhard

Ruins located at ISEN:0469:0081:0D6D:0211

Double hexagonal plinth.

Spherical shrine atop the first entry staircase.

Second plinth topped by two tall, square towers with round windows.

Three Knowledge Stones

1. Left of plaque: Gek word for "ship"

2. Rear of right tower on second plinth: Gek word for "shard"

3. [missing?]

Gek Plaque: Dreams of Tifex-Eyme

[Lower-left text]: As I touch the obelisk, images of the planet's ancient past flood my mind. The terrible beginnings of the Gek have been absorbed by this strange stone, and their tale seems desperate to escape...

Right text: All who hear our words know of our might. Those who oppose us are broken to our will. Behold the power of the Gek First Spawn. Galaxies lie at our FEET. We are ETERNAL.

Seek help with language.

Gek word for "initializing"

Flags at the back: Round symbol. Small red flag topped by big red flag. Blowing [pointing] due east.

Entrance opens to SSW.
