Dear Mr Armstrong.

Thanks very much indeed
for the Booklet on 'Shippard Castle'.
I am very pleased indeed to have it,
and must congratulate you on the good
work you have done in collecting together
the remnants left of the Castle.
It is a great pity that more of the site
could not have been excavated. That may
be left for another century to complete,
but what has been done by you is of
immense value.

Yours sincerely,

Walter F. Rylatt.
