My Dear Mr. J.

Pleased to hear from you at last. I pictured you busy upon your S.A. report. Thanks for cheque. Joyce will send you a receipt. She has just had a stroke of luck. Was the Chadburn Page open bull Sheffield (£10) and Assay office 1st page for silver work.

It is a great disappointment to me that proper local reviews of your Castle report have not appeared and altho it is there for all time in the "Transactions" - there is a public & general aspect to it here and now.

It is wonderfully & thoroughly done by you and I still live in hope of a reprint, in stiff covers, for general sale - possibly with additions. I have no difficulty in selling it now (at 1/6 which I am paying JRW), altho so few know of its existence outside the Society. Even members do not know of the reprints. JRW tells me he expects the type is broken up long ago. From a public point of view it is easily the most important local thing of its kind for many years.

If I had seen what you had prepared before JRW got it I am sure I should have pressed you to insist upon a wider circulation. You know <sup>people</sup> cannot be prevented muddling things up but conditions can be insisted upon before you give them control of them.

I am up to the eyes in work but we must have a talk soon. The next three Sundays I am booked. Are you in Sheffield for Xmas?

With fraternal greetings  
J.D. Harrison

I thought you had had reprints. Are you sending any to collect one are any?
