

REPORTS OF PROCEEDINGS

AT

GENERAL MEETINGS OF THE SOCIETY, FROM THE
YEAR 1856 TO THE YEAR 1863.

CROYDON.

THE THIRD ANNUAL GENERAL MEETING was held at Croydon, on Thursday, the 12th of June, 1856. The proceedings took place in a building once forming part of the ancient palace of the Archbishops of Canterbury, but now used as a girls' industrial school.

Shortly after eleven o'clock, Sir WILLIAM G. HYLTON JOLLIFFE, Bart., M.P., a Vice-President of the Society, was called to the Chair.

After a few introductory remarks from the CHAIRMAN, the Hon. Secretary, G. Bish Webb, Esq., proceeded to read the Minutes of the second Annual General Meeting at Guildford, June 28th, 1855, and of the Special General Meeting at Southwark, October 30th, 1855, which were both duly confirmed.

The following REPORT of the Council was then read:—

In accordance with the rules, the Council have the pleasure of presenting a brief statement of the proceedings of the Society during the past year.

Two General Meetings have been held, one at Guildford, the other in Southwark. Ample reports of these Meetings being comprised in the first part of the Transactions which has just been issued, it becomes unnecessary to refer to them more particularly upon the present occasion.

It is with great regret that the Council have to record the loss sustained by the Society by the decease of His Grace the late Duke of Norfolk, one of its earliest patrons, and president of the Society from its formation.

By the lamented decease, also, of Sir William Molesworth, member for Southwark, the Society has sustained the loss of one of its distinguished vice-presidents.

The Council have the high gratification of announcing that His Royal Highness the Duke of Cambridge has been pleased to honour the Society by becoming its Patron.

Thirty-one Members have been added to our list since the date of the last Report, and the numbers are at present 430, of whom 58 are Life Members by composition.

During the year, the London and Middlesex Archæological Society and the Cambrian Institute have been added to the list of Societies in union with this Society.

Several contributions of interest and value have been made to our

Library and Museum, copious lists of which are given in the Transactions.

The Council regret that it becomes their duty again to invite serious attention to the large amount of subscriptions in arrear. They must beg Members to bear in mind, that one of the most important of our rules is that which provides that subscriptions become due *in advance*, on the 1st of January in each year, and that if this rule be neglected to the extent hitherto prevailing, the prosperity of the Society will be greatly endangered.

On the motion of the Chairman, the Report was adopted. The Balance-sheet and Report of the Auditors were also read. They were as follows [*see pp. xi. xii.*]

Eight Members of the Council, whose retirement by rotation was announced, were unanimously re-elected.

Several new Members were elected, and the Office-bearers for the ensuing year appointed.

The following Papers were then read : —

1. An Architectural Notice of the Hospital of the Holy Trinity, Croydon, founded by John Whitgift, Archbishop of Canterbury. In the absence of the author, W. Petit Griffith, Esq., F.S.A., F.R.I.B.A., this Paper was read by the Rev. C. Boutell, M.A., Hon. Member.
2. On the Monuments in Croydon Church. This Paper was read by M. H. Bloxam, Esq., the author, Edward Westall, Esq., being unavoidably absent.
3. On the Derivation and Meaning of the word COLD-HARBOUR, as applied to various Localities in Surrey, and elsewhere. By Cuthbert W. Johnson, Esq., F.R.S.
4. On the Antiquities of Streatham. By the Rev. Walter Field, M.A., F.S.A.
5. On the Monumental Brasses of Surrey, especially those in the vicinity of Croydon. By the Rev. C. Boutell, M.A. This Paper was illustrated by a number of rubbings from brasses in the Churches of Croydon, Beddington, Lingfield, and Crowhurst, which were suspended on the walls of the schoolroom.
6. John Wickham Flower, Esq., then laid before the Meeting an Account of a valuable parcel of ancient deeds and documents, very lately discovered by him in the Muniment-room of Whitgift's Hospital. Among the collection was the "Barker Deed," which was exhibited to the Meeting, and has since appeared in lithographic fac-simile in Part I. of the second volume of the Society's Transactions.

Votes of thanks were unanimously passed to the Authors of the above-named Papers.

A vote of thanks to the Chairman, for his courteous and able conduct in the Chair, was carried by acclamation.

The Chairman returned thanks, and the Meeting was formally adjourned.

The amount of Stock standing in the names of the Trustees of the Society is £222. 14s. New 3 per Cents.

Report of the Auditors, 1856.

The Auditors have examined the Accounts, and find a balance of £106. 13s. 11d. in favour of the Society. They have to express a regret that the large sum of £45. 10s. remains unpaid for the years 1854 and 1855; and they would suggest to the Council and Members the desirableness of adopting some plan for the obtaining these subscriptions, and for the retirement of such Members as continue two years, or beyond a certain period, in arrear.

LAMBETH.

A GENERAL MEETING was held on Friday, October 31st, 1856, at Lambeth Palace. His Grace the Archbishop of Canterbury had kindly granted the use of the Dining-hall, or Guard Chamber, for the purpose of the Meeting.

The RIGHT REVEREND THE LORD BISHOP OF WINCHESTER, D.D., F.R.S., a Vice-President, took the Chair at noon.

The Chairman opened the proceedings with a short address, in the course of which His Lordship said as follows : —

“The place in which we are assembled ought to suggest many most interesting observations, — observations, at least, full of importance, full of usefulness, full of instruction, I may add, to those who look back upon history, not as an old almanack, but as a school from which at the present day we may derive advantages, by looking at the lights which

have gone before us, and profit by them as a warning for the future. I need not tell you how many, how various, and how solemn are the associations connected with the house in which we are this day assembled by the kind permission of his Grace the Archbishop of Canterbury. Had you visited these precincts some few years ago, you might have found that which, indeed, was not well suited to the wants of modern times, but which would have presented to you the very rooms, the very walls, which were hallowed, so to speak, by the predecessors of the present archbishop, — the Juxons and Whitgifts, and Parkers and Clicheleys, and a long list of worthies, whose names will ever be associated with the place in which they lived and laboured, and showed their love to God and man.

“The present palace owes a great portion of its existence to the munificence of the late Archbishop Howley, — a name never to be mentioned without veneration and love, and, least of all, by one who had the privilege of knowing him long, and who had opportunities of seeing how earnestly he watched over the interests of that Church of which he was the spiritual head on earth, as he was also one of its greatest ornaments. The room in which we are assembled, in its size and form, is the one which previously existed; but it has been greatly altered, and made suitable for the accommodation of an audience like the present. You will be conducted over some parts of the building, which retain the vestiges of their ancient form, and you will judge how much interest attaches to it, although little suited for modern use. I must be permitted to say one word in reference to the subject of archæology, because I believe some observations which I have heard regarding it are founded in mistake. There are those who look upon archæologists or archæologists — for I believe both names are correct — as simple individuals, whose pleasure it is to pore over musty records. Now, even if the studies of the archæologists were only connected with parchments, I need not tell you there is much of interest to be derived from them. Indeed, we have before us, on the agenda of the day, a Paper the interest of which is wholly derived from parchments and deeds. But, in fact, the archæologist ranges over a vast extent of territory. I look on the individual who examines the ruins of Pompeii as a very legitimate archæologist. I look upon the individual who traces the remnants of what was once the magnificent Castle of Kenilworth, and the marks of Queen Elizabeth’s pageantry, as a true archæologist, in the truest and best sense of the word. Even if you go to literature, you will find Bishop Percy, showing, by his *Relics of Ancient Poetry*, how much there was of the truest genius in what some considered musty and ancient documents. He is one whom we should be glad to bring under the title of a true archæologist. I mention these as examples on which we may be disposed to defend the science of archæology. It is not merely a Lemon or a Palgrave who may be called archæologists; we claim all who have a liking for ancient records and ancient buildings, or for age in any form. I was almost going to put in a word in favour of old men; but I think we may venerate antiquity in material substances, if not in the human form. This is not the day when the hoary head is always looked upon

as a crown of glory. But it may not be out of place for one who occupies a responsible position in this diocese to state, that it is my earnest prayer that each one whom I have the pleasure of addressing may in their day have that which I believe to be a true glory—the hoary head which covers the heart imbued with love to God and love to man.”

The Hon. Secretary read the Minutes of the Third Annual General Meeting, held at Croydon, on the 12th June, 1856, which were confirmed. Several new Members were elected.

The Hon. Secretary announced the following donations :—

From Mrs. Howley : A Series of Engravings privately printed for the late Archbishop Howley, comprising plans and elevations of Lambeth Palace, before and after the alterations made by the Archbishop.

From the Rev. S. R. Maitland, D.D., F.R.S., &c. : A copy of his “List of some of the Early Printed Books in Lambeth Palace.”

From the Cambrian Institute : “The Cambrian Quarterly Journal,” Part II., Sept. 1856.

The thanks of the Society were unanimously voted for these donations.

2. On the Title of the Palace and Manor of Lambeth. By William Henry Black, Esq., Hon. Member.

At three o'clock the Chair was again taken by the Bishop of Winchester, when the following Papers were read : —

This Paper was illustrated by a carefully-executed drawing of the mosaic pavement of the villa, and other illustrations.

5. On two Deeds executed by Elias Ashmole, for the conveyance of his house in South Lambeth. By George R. Corner, Esq., F.S.A.

The Chairman having intimated that he was obliged to leave the Meeting,

The Rev. F. P. Phillips moved, and the Rev. R. B. Byam seconded a vote of thanks to his Lordship for his kindness in attending and so ably presiding over the Meeting.

The motion was carried by acclamation.

His Lordship, having acknowledged the compliment, retired.

The Rev. R. Burgh Byam, M.A., a Member of the Council, having been voted into the Chair, the concluding Paper was read : —

6. On the History of the Manor of Hatcham. By W. H. Hart, Esq., F.S.A.

Mr. Tanswell moved a vote of thanks to the Authors of the Papers read, which was duly seconded and unanimously carried.

Mr. Corner moved and Mr. Kent seconded a vote of thanks to the Rev. J. Lingham, Rector of Lambeth, for his kindness in allowing the church to be inspected. Carried.

Mr. Webb, Hon. Secretary, moved a vote of thanks to Felix Knyvett, Esq., Secretary to the Archbishop of Canterbury, for the kind and valuable assistance he had rendered to the Committee, especially in the trouble he had taken in placing before them the various MSS. they had requested might be exhibited. Carried unanimously.

Thanks were also voted to

The Chairman, moved by Mr. Godfrey, seconded by Mr. Webb ; and to

The Honorary Secretary, moved by the Rev. R. B. Byam and seconded by Mr. Tanswell.

The proceedings then terminated.

THE DEEPDENE.

THE FOURTH ANNUAL GENERAL MEETING of the Society was held at THE DEEPDENE, Dorking, on Monday, June 29th, 1857.

HENRY THOMAS HOPE, Esq., a Vice-President, took the Chair, at half-past twelve o'clock.

After a few introductory remarks from the Chairman, The Hon. Secretary read the Minutes of the General Meeting held at Lambeth Palace, on the 3rd October, 1856, which were confirmed.

The following Report of the Council was then read :—

The Council, in presenting this their fourth Annual Report, feel fully justified in congratulating the Members upon the satisfactory progress made by the Society during the past year ; and also upon the present favourable condition of its affairs.

Since the date of the last Report, two General Meetings have been held — the first at Croydon in June, and the second, by the kind permission of his Grace the Archbishop of Canterbury, in Lambeth Palace. At these meetings twelve Papers of considerable interest and of varied character were read. The information contained in these communications will afford most valuable matter for future volumes of the Transactions. At both meetings the attendance of members and of visitors was very numerous ; but it may be remarked, in a more especial degree at Lambeth Palace, where, notwithstanding very unfavourable weather, upwards of four hundred persons assembled.

It is with much regret that the Council have to refer to the serious losses by death that the Society has sustained during the past year. Within that period it has been deprived of four vice-presidents — the Earl Amherst, the Earl of Ellesmere, Viscount Downe, and Mr. Gadesden, late High Sheriff of the county ; while the decease of the late Mr. George Gwilt, F.S.A., has deprived the Council of a member of their own body. From the list of Honorary Members also, two distinguished names have been removed by the lamented decease of the veteran topographer Mr. John Britton, and of that learned archæologist, Mr. John Mitchell Kemble.

It is to be regretted that a considerable number of Members have retired from the Society ; nevertheless, this loss is more than counterbalanced by the large accession of new Members ; for, while the number at the date of the last Report, in 1856, was 430, it is now 450, of whom 70 are Life Members.

Numerous contributions to both the Museum and to the Library of the Society have been received, and will be duly chronicled in the Transactions.

To the list of Institutions in union with the Surrey Archæological Society, three have this year been added,— the Society of Antiquaries of Newcastle-upon-Tyne, the Exeter Diocesan Architectural Society, and the Historic Society of Lancashire and Cheshire.

The Council greatly regret that unforeseen interruptions in the

progress of printing and illustrating the second part of the Transactions have retarded its publication until after the Annual General Meeting ; they trust, however, in a very brief period to place it in the hands of Members, when they have no doubt the care taken in its production will be found to compensate, in some measure, for the delay in passing it through the press.

COUNCIL-ROOM,
6, Southampton Street, Covent Garden,
18th June, 1857.

The Honorary Secretary then read the following Balance-sheet [*see next page*].

The following Report from the Auditors was next read : —

The Auditors of the Surrey Archæological Society have much pleasure in reporting a considerable improvement in the Society's Income, arising from a greater punctuality in the payment of annual subscriptions, and an increased number of Members. The Society is free from debt, with £250 invested, and a balance in hand of £156. 11s. 7*d.*, exclusive of £93, still due for subscriptions.

For self and Colleague,
25th June, 1857. (Signed) EDWARD RICHARDSON.

These Reports and Balance-sheets were adopted, and a vote of thanks to the Auditors was unanimously passed.

The officers of the ensuing year were elected.

The Honorary Secretary announced the following donations to the Society : —

From the Society of Antiquaries of Newcastle-upon-Tyne : “*Archæologia Æliana, or Miscellaneous Tracts relating to Antiquity,*” published by that Society. 5 vols. 8vo.

From Matthew Holbeche Bloxam, Esq., Hon. Member : “*Fragmenta Sepulchralia ; or, A Glimpse of the Sepulchral and early Monumental Remains of Great Britain.*” By the Donor. 8vo.

The Thanks of the Society were voted to the Donors.

Several new Members were elected, and the Rev. Lambert B. Larking, Vicar of Ryarsh, Kent, was elected an Honorary Member.

The Hon. Secretary read a letter addressed to him by John Wickham Flower, Esq., a Member of the Council, suggesting the formation of a series of archæological maps of the county of Surrey, and describing the method of attaining that object by the combined action of the Members of the Society, the county being divided into districts, and a Local Committee appointed to prepare the portion of the maps comprised in each of such districts.

Mr. R. Godwin-Austen moved that the suggestion be referred to the Council.

The motion was seconded by Mr. Butterworth, and after some further remarks by Mr. Flower, put from the Chair, and unanimously carried.

Mr. Maybank suggested that it would be desirable to adopt one of the county newspapers as a medium for questions and answers relating to the archæology of the county.

After a brief discussion, the matter was referred to the Council.

The proceedings terminated by a vote of thanks to the Chairman, not only for his conduct in the Chair, but also for the interest which he had shown in the Society, by receiving the Members with great hospitality at his seat.

This vote was suitably acknowledged, and the Meeting was adjourned; some of the Members and their friends availing themselves of the opportunity so liberally accorded them, of inspecting the numerous treasures of art collected at the Deepdene, and of exploring the beautiful pleasure-ground there; while others joined in an excursion to Wotton Park, where they were most kindly received by the owner, W. J. Evelyn, Esq., a Vice-President, and conducted over the house and grounds, so interesting from their connection with the honoured name of "Sylva" Evelyn.

A dinner was served at half-past six in the Assembly-room of the Red Lion Hotel, Dorking, at which between 200 and 300 ladies and gentlemen were present.

FARNHAM CASTLE.

THE FIFTH ANNUAL GENERAL MEETING of the Society was held, by the kind permission of the Lord Bishop of Winchester, at FARNHAM CASTLE, on Tuesday, July 13th, 1858.

On the way from the railway-station to the Castle, a large number of the Members and their friends stopped to examine the interesting parish church of Farnham, of which a descriptive sketch was read by the Rev. J. S. Utterton, the Vicar.

The Chair was taken at twelve o'clock by the RIGHT REVEREND THE LORD BISHOP OF WINCHESTER, D.D., F.R.S., a Vice-President.

The Chairman having addressed the Meeting, the Hon. Secretary read the Minutes of the Annual Meeting held in 1857, at the Deepdene, Dorking, and of the General Meetings at Southwark, which were confirmed.

The following Report of the Council was then read : —

In presenting their fifth Annual Report, the Council are enabled to state that there has been, during the past year, no variation from that successful progress which the Society has hitherto made.

Since the last Annual Report was submitted, two General Meetings have been held,— the first at Dorking in June, 1857, and the second in Southwark last May.

The first was held at The Deepdene, by the kindness of Henry Thomas Hope, Esq., one of the Vice-Presidents of the Society. From The Deepdene the Meeting adjourned to Wotton, the residence of William John Evelyn, Esq., another Vice-President, through whose courtesy an opportunity was presented of inspecting many interesting relics of the past associated with the memory of that accomplished and eminent person, "John Evelyn of Wotton." The Council have much pleasure in acknowledging the polite hospitality of Mr. Hope and Mr. Evelyn upon that occasion.

The Meeting in Southwark, held on the anniversary of the Society's Inauguration in the same place (12th May) was not so fully attended, owing to the unfavourable state of the weather ; but three Papers were read, which will form valuable additions to the future publications of the Society.

There have also been held two Special General Meetings in Southwark, upon the subject of a proposal to extend the operations of the Society to the county of Kent, which county, at the time the subject was first brought under the notice of the Council, had no similar society. As, however, the county of Kent has since established an Archæological Society of its own, the proposed extension was abandoned.

The Council cannot but rejoice that so important and interesting a county as Kent, the immediate neighbour of Surrey, should, at length, be archæologically represented. They feel assured that the Members of this Society will be well satisfied that its influence has been exerted, although at some cost to themselves, in aiding the movement in Kent, inasmuch as the cause of archæology must derive essential benefit by the formation of the Kent Archæological Society, to which the Council heartily wish success.

In the last Report an apology was offered for the delay occasioned by unforeseen interruptions in the publication of the second part of the Transactions. That delay, prolonged for some months after the date of the Report, was occasioned by the abandonment of the editorship by the gentleman who had undertaken it. Fresh arrangements had to be made, and the plan of the work altered in consequence. The Council feel that in justice to themselves this explanation should be given ; and they are happy to add that they have provided against any recurrence of a similar impediment to publication. They trust that Part II., now published, will be deemed creditable to the Society. No time will be lost in preparing and issuing the succeeding parts.

During the last twelve months two interesting discoveries of mural paintings in churches have been made in Surrey—the one at Fetcham and the other at Croydon. In each case the Council have succeeded in

obtaining representations of the paintings for the purpose of publication.

It is satisfactory to the Council to report that there has been a considerable increase in the number of Members. At the date of the last Report, the number was 450, while at present it is 500, of whom 72 are Life Compounders.

The Council cannot but congratulate the Members upon the accession to their numbers of so distinguished an archæologist as Sir Henry Rawlinson, now a Vice-President of the Society.

The Library and Museum have been enriched by many liberal contributions.

In conclusion, the Council would urge upon the attention of Members the great advantage to the Society that might be derived from individual and personal efforts to increase its Members, thereby enhancing its efficiency, and enabling the Council the better to advance the objects for which the Association has been formed.

Financial Report of the Council.

The Council have much pleasure in submitting the Financial Statement of the Society for the year ending June, 1858, to the General Meeting, and trust that the state of the Funds will appear satisfactory.

In introducing the item of £72 payment to the Hon. Secretary, the Council beg to acknowledge the valuable services they have received from him, and to state that, owing to the heavy demands made upon his time during the past two years by the work of the Society, they came to the resolution of offering to him, as some remuneration for such services, the amount named, which they doubt not will be approved by the Members generally.

COUNCIL-ROOM,

6, Southampton Street, 8th July, 1858.

The Balance-sheet was then read, as follows [*see page xxvi*].

The Auditors for 1858, W. Tayler, Esq., and J. T. Maybank, Esq., were unanimously re-elected.

The Chairman moved the adoption of the Report of the Council and of the Balance-sheet, which motion was carried *nem. con.*

The eight retiring Members of the Council were unanimously re-elected.

Forty-three new Members were elected.

The following Papers were then read : —

1. On the Antiquities of Farnham. By H. Lawes Long, Esq.
2. On the Parish Registers of Farnham, Elstead, and Seale. By W. H. Hart, Esq., F.S.A.
3. Notices of Farnham Castle. By the Rev. R. N. Milford.

The formal proceedings then terminated by a vote of cordial thanks to the Chairman.

The Company then adjourned to the Hall of the Castle, where a very handsome collation awaited them. It was calculated that the number of the guests of the Right Rev. Chairman did not fall far short of 500.

In the afternoon the company divided. A large party proceeded to Waverley Abbey, on the kind invitation of the owner, Capt. S. Nicholson. The ruins of the Cistercian Abbey here formed the centre of attraction. The site was explored under the guidance of R. Godwin-Austen, Esq., who read a paper giving a slight sketch of the history of the Monastery, and afterwards pointed out the position of the principal buildings.

A temporary Museum had been formed at the boys' school-room in Farnham, under the superintendence of a committee composed of the following, among other gentlemen:—The Rev. J. S. Utterton, M.A.; Robert Clark, Esq.; Robert Oke Clark, Esq.; Henry Lawes Long, Esq.; R. H. Clutterbuck, Esq.; J. J. Howard, Esq., F.S.A.; and John Gough Nichols, Esq., F.S.A.

The principal objects exhibited were as follows:—

A large piece of Tapestry from Cardinal Wolsey's Palace at Esher, bearing the Cardinal's Arms. Exhibited by the Rev. Newton J. Spicer, who also contributed a Series of Carvings representing the various Bishops of Winchester, from the same edifice.

Adjoining the Tapestry were a Series of Coloured Drawings, by M. Shurlock, Esq., of the remarkable collection of Tiles discovered in the site of Chertsey Abbey. Specimens of the Tiles, and a Model of the Stone Coffin found in the same place, were also exhibited by the same gentleman.

Mr. Richardson, of Greenwich, exhibited three of his Metallic Rubbings of Monumental Brasses—viz., those of Baginton and Cowfold, and Sir John D'Abernoun the Younger, in Stoke D'Abernon Church, Surrey.

Several Curious Pictures of much local interest, by Elmer, of Farnham, were exhibited. They represented Farnham Castle, the Town, Waverley Abbey, and Mother Ludlam's Cave.

A highly-curious and interesting Bird's Eye View of Moor Park, drawn by the celebrated Sir William Temple, attracted great attention.

An interesting series of well-executed Rubbings of Brasses in Churches in Kent, was exhibited by Mrs. Charles J. Freake.

Three large Drawings of Mural Paintings, discovered last year in Fetcham Church, Surrey, and since entirely obliterated, were exhibited by the Society.

An elaborate Drawing of a Tessellated Pavement found at Monks' Risborough, was contributed by Augustus W. Franks, Esq., F.S.A.

On the tables were arranged Specimens of British, Saxon, Roman, and Mediæval Antiquities. Conspicuous amongst these was a case containing about twenty-five Bronze Celts and other Reliques

found at Crooksbury, near Farnham. Exhibited by J. Hewitt, Esq., of Winchfield.

Mr. R. Hawley Clutterbuck contributed a highly curious Piece of Sculpture in Alabaster, representing the Crucifixion, and a fragment of another; also, various Encaustic Tiles, Pottery, and a Morion, Spur, and Halbert Head.

A great variety of Ancient and Modern Arms, of various countries, was exhibited by different contributors. Amongst these was an Ancient Helmet from Farnham Church, exhibited by the Vicar; a Sword and Head-piece of the seventeenth century, by Mr. Storold; Indian Matchlock and Shield, by Robert Clark, Esq.

Two Celts found in Surrey were exhibited, with other Antiquities, by H. Lawes Long, Esq.

John Wickham Flower, Esq., contributed a variety of highly interesting objects, including a very fine Roman Vase of glass, with cover quite perfect, and considered to be unique; also a Roman Camp Kettle and Chain, Swords, Spear-heads, Poignard, Knives, Lamps, Keys, &c.

Mr. Piper exhibited a fine Celt, an Alms Dish, Armlet, and many other curious articles.

A Collection of Ancient Gold Coins was contributed by Charles E. Lefroy, Esq., of Ewshot, who further enriched the collection with two exquisite Antique Busts, Bronzes, Vases, Medals, Enamel Portraits, and a Watch of the time of Henry the Fourth.

Mr. Cayley, of York Town, was a most liberal contributor of objects of interest, including Swords, Coins, Tradesmen's Tokens, Encaustic Tiles, Pottery, &c.

J. J. Howard, Esq., F.S.A., exhibited a variety of Ancient Deeds, Pedigrees, Grants of Arms, Seals, &c. Amongst these was a splendidly emblazoned Pedigree of the Family of Dilke of Maxtoke, formerly Lords of the Manor of Godstone, drawn up by Sampson Lennard. Also, a Grant of Arms by Camden, with his Seal and Autograph, and two Early Deeds of the thirteenth and fourteenth centuries, with Curious Seals appended.

C. J. Shoppee, Esq., exhibited several Illuminated MSS. Grants, and a curious Watch.

Mr. Lance, of Frimley, contributed various Drawings and Maps, representing Roman Antiquities, Ancient Books, Pottery, &c.*

On Wednesday, according to the Programme, a barrow, or tumulus, situated at Wanborough, was opened under the superintendence of a Committee of the Society, and a large party of Members and Visitors were present at the operation.

* Upwards of two thousand persons visited the Museum during the two days it was open to the public; nor should we omit to state, that on the second day the Officers in Camp at Aldershot were specially invited to view the Museum, and many of them availed themselves of the invitation.

RICHMOND.

THE SIXTH ANNUAL GENERAL MEETING of the Society was held at RICHMOND, on Tuesday, July 5th, 1859, in the large room of the NATIONAL SCHOOLS, ETON STREET, which was placed at the disposal of the Society by the kindness of the Trustees of the Schools.

At eleven o'clock the Chair was taken by the Right Hon. Lord Abinger, M.A., a Vice-President.

After a brief Address from the Chairman,

The Minutes of the last Meeting were read and confirmed.

G. B. Webb, Esq., the Hon. Secretary, then read the Annual Report of the Council, to the following effect: *—

The Council congratulated the Society on its satisfactory progress, in proof of which they mentioned that the two meetings held in the previous twelvemonth at Farnham and Kennington had been attended by upwards of 600 members and visitors, and that a steady increase of the former was still maintained.

In preparing the Society's publications for the Press, the Council had on several occasions felt themselves reluctantly compelled to omit Illustrative Engravings of much interest, in order to confine the expense within the limits allowed by the Society's ordinary funds. In order to meet this difficulty, the Council had opened an Illustration Fund, to which several Members of the Society had already contributed, and to which they now invited general attention.

The Library and Museum had received considerable additions.

It having appeared to the Council that in future it would be more

* The draft of this Report was, it is believed, mislaid during the removal of papers, &c., consequent on the lamented decease of Mr. Webb, and has not since been recovered. Its substance, however, has been collected from other sources.

and Officers of the Society for their able management of the Society's affairs during the past year.

The following Papers were then read :—

1. Notices of the Family of Cobham of Sterborough Castle, and Lingfield, Surrey. By J. Wickham Flower, Esq.
2. Notes from the Parish Registers of Richmond, Kingston, and Petersham. By W. H. Hart, Esq., F.S.A.
3. On the Antiquities of Richmond. By W. Chapman, Esq. (Hon. Local Sec.)
4. A Short Description of the ^{*}Monuments in Richmond Church. By the Rev. W. Bashall (Hon. Local Sec.)

Thanks were returned to the Authors of these Papers.

On the motion of W. J. Evelyn, Esq., F.S.A., seconded by the Rev. J. Chandler, a vote of thanks was passed to Lord Abinger for his kindness in presiding.

The Meeting then adjourned to the Parish Church, which had been thrown open for the inspection of the Society.

At three o'clock Lord Abinger and the Company proceeded to the Lecture-hall of the Cavalry College, on Richmond Green. Here, with the kind permission of the Commandant, Capt. Barrow, a temporary Local Museum had been formed by the exertions of the following gentlemen, who, together with the Hon. Local Secretaries, the Rev. W. Bashall, W. Chapman, Esq., and T. Meadows Clarke, Esq., had been formed into a Local Committee :—

The Rev. Harry Dupuis, B.D., Vicar of Richmond.	John Parson, Esq.
Eustace Anderson, Esq.	John Brandram Peele, Esq.
Herbert Barnard, Esq., F.S.A.	Edward Penthyn, Esq.
Henry G. Bohn, Esq.	John Allan Powell, Esq.

The Chairman formally opened the Museum with a brief address, calling attention to its contents.

Among the objects of archaeological interest exhibited were the following : *—

Celtic Wood Vessel from a Bog in the County of Armagh.

* The collection was large and important, though of a rather miscellaneous character. REIGATE.

THE SEVENTH ANNUAL GENERAL MEETING of the Society was held at Gatton Hall, Reigate.

The company first assembled at Merstham Station, from whence they proceeded to the church, which was described by Alfred Heales, Esq., F.S.A.

From thence to Chipstead Church, which was described by the Rev. P. Aubertin, the Rector; after which the Members and their friends were conveyed to Gatton Church, which was ably described by the Rev. J. C. Wynter.

The company then proceeded to Gatton Hall, the house and grounds having been liberally thrown open to the Society by Sir Hugh Cairns, who at the time occupied this fine seat.

The Chair was taken at two p.m. by the Hon. W. J. MONSON, M.P., a Vice-President.

The Chairman, after a brief address, called upon the Hon. Secretary, H. W. Sass, Esq., to read the Minutes of the sixth Annual General Meeting at Richmond, on July 5th, 1859, which were confirmed.

The Report of the Council, the Balance Sheet for the year ending December 31st, 1859, and the Report of the Auditors, were then read:—

Report of the Council.

The Council have much pleasure in submitting the Financial Statement of the Society for the year 1859-60 to the General Meeting, and trust that the state of the funds will appear satisfactory.

The Council fully expected to have produced at this Meeting the third part of the Society's Journal; but, owing to the decease of Mr. G. B. Webb, whose loss the Society deeply lament, some delay has been occasioned: they trust, however, that the Transactions will be ready for delivery to Members early in August.

The Council beg to call particular attention to the Illustration Fund, and to point out that, owing to the liberality of a few Members of the Society, a *fac-simile* of a most interesting document will appear in Part III., which otherwise the funds at their disposal would not have allowed.

At the death of Mr. Webb, the late Honorary Secretary, H. W. Sass, Esq., was requested to accept the office of Hon. Secretary, *pro tempore*, until the present Meeting, the Council being fully assured that this General Meeting will confirm the appointment. The Council have considered it beneficial to the Society's interests that the offices should be removed from Southampton Street to 7, St. Mildred's Court, Poultry, Mr. Sass having placed a room there at the Society's disposal.

Report of the Auditors for 1860.

Your Auditors have examined the accounts of the Society from January 1st, 1859, to December 31st, 1859, and also up to the time of the decease of the late Honorary Secretary (Mr. G. B. Webb).

They have the melancholy satisfaction of stating that the several accounts by the late Mr. G. B. Webb are borne out by the several vouchers.

It appears that the sum of £396. 1s. 10*d.* New Three per Cent. Annuities is invested equal to £380, and stands to the credit side of the Surrey Archæological Society in the banker's book, which sum is duly invested, according to the rules of the Society.

The Stock, consisting of the Library, Museum, and Publications, are set down at, we think, a moderate valuation of £125, making a total of £505; the liabilities of the past year amounting to £130. 13s. 8*d.*

Your Committee cannot conclude this very gratifying report without expressing their thanks to your present Honorary Secretary (Mr. Sass) for the very ready assistance he gave them in collecting the various papers and explaining the accounts.

The increase of Members, and the growing importance of the Society, suggested to your auditors that a book should be procured and kept in such a manner that the accounts should be readily referred to, and can be seen at a glance without assistance.

They also suggest that a Catalogue of the Museum and Books should be made, so that the Members may have an opportunity of knowing what they possess, and have thereby easier reference thereto.

The expenses of the last Meeting held at Richmond have been, they observe, large; but this item of expenditure must of necessity be variable, and subject to local circumstances, and so, they presume, influenced by the exertions of the Local Committee, where their meeting is held.

(Signed) ALFRED JAMES HISCOCKS.

The adoption of the Report of the Council was then moved, seconded, and carried unanimously.

On the proposition of W. Talyer, Esq., F.S.S., seconded by J. J. Howard, Esq., LL.D., F.S.A., H. W. Sass, Esq., was duly elected Hon. Secretary, in the room of G. B. Webb, Esq., deceased.

The Officers and Council for the ensuing year were elected.

Several new Members were elected.

Votes of thanks to the Patrons, President, and Officers of the Society for their past year's services were then passed.

According to previous notice, the Meeting was then made Special, for the consideration of Rules XIII. and XVI.

On the motion of W. H. Hart, Esq., F.S.A., duly seconded, it was resolved that these rules should in future stand thus:—

RULE XIII. An Annual General Meeting shall be held in the month of JUNE or JULY, at such times and places as the Council shall appoint, to receive and consider the Report of the Council on the state of the Society, and to elect the officers for the ensuing twelve months.

RULE XVI. The Council shall meet for the transaction of business connected with the management of the Society, once at least in every month, that is to say, on the second Thursday in each month, or on such other days as the Council shall from time to time direct.

After a cordial vote of thanks to Sir Hugh Cairns, for allowing the meeting to take place at Gatton Hall; to the Hon. W. J. Monson, for his efficient services in the Chair; and to the Local Committee and Secretaries; the party proceeded to Reigate Church, which was described by W. H. Hart, Esq., F.S.A.

The Priory, the seat of Earl Somers, was the next point of attraction, and, among many interesting objects, the beautiful Oak Chimney-Piece from Nonsuch attracted great attention.

The Baron's Caves, at Reigate, were then visited and described by John Lees, Esq.

The Dinner took place at the White Hart Hotel, at which about 120 members and friends were present. The Chair was taken by the Hon. W. J. Monson, supported by the Vicar of Reigate, and Thomas Hart, Esq.

A *Conversazione* was held in the evening at the Town Hall, where a temporary Museum of Antiquities, Rubbings, &c., was formed; also a splendid collection of antique rings and jewellery, contributed by E. Waterton, Esq., and the Rev. James Beak, which attracted general admiration.

The following gentlemen had kindly undertaken the duties of a Local Committee, and the formation of the Museum was chiefly owing to their exertions:—

LOSELEY.

THE EIGHTH ANNUAL GENERAL MEETING of the Society was held at Loseley Park, by the kind permission of J. More Molyneux, Esq., F.S.A., on Tuesday, August 6th, 1861.

The Members and their friends assembled at St. Nicholas Church, Guildford, and then visited the Loseley Chapel. A description of the Monuments of the More family was given by W. H. Hart, Esq., F.S.A.

From thence to the ruins of St. Catherine's Chapel, which were described by H. W. Sass, Esq.

The Chair was taken at Loseley Hall, by James More Molyneux, Esq., F.S.A., a Vice-President, at one o'clock.

Circumstances had delayed the holding of this Annual Meeting beyond the time limited by the rules of the Society; the Chairman therefore commenced the proceedings by putting to the Meeting a resolution suspending for this occasion the operation of Rule XIII., which requires the Annual General Meeting to be held in June or July. The resolution was carried.

The Minutes of the last Annual General and Special General Meetings, held at Reigate, on June 27th, 1860, were then read and confirmed.

The following Report of the Council was read and adopted :—

In presenting the eighth Annual Report of the Society, your Council congratulate the members on its continued prosperity, but would urge them all still to afford their aid, by inducing their friends in the county who have not done so to become members, and thus largely increase its prosperity and efficiency.

Three years since your Council felt themselves most reluctantly compelled to remove from the list of members some gentlemen who were in arrear with their subscriptions; and, although they do not intend to adopt the same course this year, they cannot refrain from alluding to the fact, as the expenditure for the collection of subscriptions is very large. In addition to the repeated applications of the collector, over 2,000 letters are annually sent to persons in arrear.

Your Council regret to have to report that sixty-three members have left the Society since last year; six from death, and fifty-seven from resignation. This appears a large number; but the great proportion of

resignations are of personal friends of the late Honorary Secretary, who have lost their interest in the Society at his death. The present number of members on the books of the Society is 555, of whom sixteen have joined during the present year.

Your Council have great pleasure in submitting the Financial Statement of the Society for the year ending December, 1860. The receipts for the year have been £223. 13s., and the payments £177. 14s. 6d., leaving a balance of £45. 18s. 3d. The assets of the Society, consisting of the balance in hand and the arrears of subscriptions, are £165. 18s. 6d., and the liabilities are rather under that amount; while the property of the Society consists of New per Cent. Annuities, Library, Museum, and parts of Transactions, valued at £574. 15s.

In the month of August last, your Council considered it desirable to assist a project formed for the establishment of Monthly Evening Meetings, in connection with this and the London and Middlesex Archæological Societies, feeling that, although many Members resided too far from London to avail themselves of them, still a large number residing in or near London and Southwark might be able to do so. The result, they are happy to find, justifies their decision. From September to December upwards of forty members of the Surrey Society joined the movement, and the number has continued steadily to increase to the present time.

Your Council feel it necessary to add that they have not the slightest wish or intention of uniting with the Middlesex Society for any other than the above purpose.

The first Evening Meeting was held on the 18th of September, since which they have been held regularly on the evening of the third Tuesday in each month. At these meetings papers of great interest have been read both by members of the Council of the Society as well as of the general body.

Reports of these Meetings have appeared in the *Gentleman's Magazine* and other periodicals, and several members have joined the Society for the purpose of becoming members of the Evening Meetings.

At the Preliminary Meetings of the Council, due consideration was given to the probable working expenses of these Meetings, and the yearly subscription for members was fixed at 5s. each, and arrangements made for the sale of Visitors' Tickets at the rate of 5s. per dozen, in packets of not less than six.

On the resignation of Mr. Cox as the Hon. Secretary of the Evening Meetings, a Member of our Council, Mr. W. H. Hart, F.S.A., was unanimously appointed Director of the Evening Meetings, and Mr. J. E. Price, Hon. Secretary.

Your Council wish to draw the attention of the members to the great confusion which must necessarily arise from gentlemen not applying for tickets for dinner and conveyances at the time mentioned in the programme, and are compelled to state that in future no accommodation can be provided for those who do not apply by the stated time. More than half the tickets for the present Meeting have been applied for since the time mentioned in the Circular.

The new part of the Transactions is now in preparation, and your

Council hope before the end of October that it will be in the hands of the members.

In conclusion, your Council will again urge the necessity of paying up all arrears of subscription, as the delay not only entails much trouble and expense on the Society and its officers, but greatly fetters its operations.

By order, (signed) H. W. SASS, *Hon. Secretary.*

The officers for the ensuing year were elected.

Several new members were elected.

Thanks were voted to the officers for their past year's services.

The following Papers were then read:—

1. On Flint Implements found in the Drift. By J. Evans, Esq., F.S.A.

(This Paper gave rise to some discussion, in which the Rev. Thomas Hugo, M.A., F.S.A., and R. A. C. Godwin-Austen, Esq., F.G.S., took part.)

2. On the Loseley Manuscripts and Estate. By W. H. Hart, Esq., F.S.A.

Upon the Table in the Hall several of the more popularly interesting volumes of this celebrated MS. Collection were exhibited. Some Curious Pedigrees of the Families of More, or Moore, were also displayed on the walls.

Thanks were voted to the authors of the Papers read, and to the Chairman for his able conduct in the Chair.

After a brief reply from the Chairman, the Meeting adjourned.

Luncheon was provided in the grounds by the kindness of the President of the day.

The company then proceeded to Compton Church, and from thence to the Almshouses and Chapel belonging to the Carpenters' Company at Godalming; and to Godalming Church, a Paper on which was read by Alfred Heales, Esq., F.S.A.

Dinner was provided at the Town Hall, Godalming, at which Mr. More Molyneux presided. About 120 members and their friends sat down.

LINGFIELD.

THE NINTH ANNUAL GENERAL MEETING of the Society was held at Lingfield, on Thursday, October 16th, 1862, under the presidency of GRANVILLE LEVESON GOWER, Esq.

The members and their friends assembled at the Godstone Road Station, and from thence proceeded to Crowhurst Church, which, by the permission of the Rev. George Wheelwright, M.A., was thrown open.

A Paper was read on Crowhurst Church and Monuments, by George Russell French, Esq.

The company then proceeded, by permission of William Borrer, Esq., to Crowhurst Place, where a Paper was read by Charles Baily, Esq., on

Ancient Timber Houses, as illustrated by Crowhurst Place and other Houses in the neighbourhood.

From thence to New Place, by permission of J. Hall, Esq.

To Sterborough Castle, by the kind permission of Mr. Tonge, the interesting features of which were pointed out by J. W. Flower, Esq., and G. R. Corner, Esq.

To Lingfield Church, by permission of the Rev. James Fry, M.A., where the monuments of the Cobhams were pointed out by J. W. Flower, Esq., and a Paper was read by G. R. Corner, Esq., on Sterborough Castle and Lingfield Church.

After which the company proceeded to Lingfield School, where the Chair was taken by GRANVILLE LEVESON GOWER, Esq.

It was resolved that the operation of Rule XIII. should be suspended for this year.

After an Address from the Chairman,

The Minutes of the last Annual General Meeting, held at Loseley Park, on August 6th, 1861, were read and confirmed.

The following Report of the Council was then read :—

In presenting the Report of the past year to the Ninth Annual General Meeting of the Society, the Council feel it incumbent on them to explain the cause of the Meeting being held so late in the year.

They were anxious, in accordance with a wish expressed by his Grace the late Archbishop of Canterbury, the lamented Patron of the Society, to hold a Meeting at Lambeth Palae; but, owing to his Grace's long-continued illness and ultimate death, the Meeting was obliged to be postponed, although the tickets and programmes were printed ready for distribution. The Council then felt that it was desirable to hold a Meeting previously contemplated at Lingfield. Here, however, another unexpected delay occurred, for they were unwilling to have a Meeting until the next part of the Collections, which has been recently distributed, was in the hands of the members. Owing, however, to the unavoidable delay of artists and engravers, the part has been delayed much longer than was anticipated. They confidently hope, however, that now it is in the hands of the members, they will consider it worthy of the delay. They considered that it was essential to the interest of the Meeting that the valuable contribution by one of their body on the History of the Cobhams should be in the hands of members as a guide-book in visiting Lingfield Church.

Your Council lament sincerely the death of the Patron of the Society, His Grace the Lord Archbishop of Canterbury, and hope that they shall be able to interest the sympathies of the Primate, so that he may occupy the same position in the Society so long and so worthily filled by his predecessor.

They regret that they are unable to present the balance-sheet of the Society, owing to its not having been audited.

On the last occasion that the Society assembled, your Council reported the establishment of Monthly Evening Meetings, held at the rooms of the Society jointly with the London and Middlesex Society. They are happy to be able now to report to you that the scheme is working well,

and is self-supporting—the parent Society not having had in any way to assist in defraying the expenses. The attendance at them is on the increase, and although it can hardly be expected that a large number of Surrey members will be able to attend, they hope that for the purpose of seeing what is being done they will subscribe, and thus be enabled to receive copies of the Reports now in course of preparation.

They have only to add that they have taken an unusual course in publishing a second part of their volume without the index, title-page, &c. ; but they propose to place these in a third part, which they hope will be in the hands of the members shortly, including the balance-sheet before mentioned.

They cannot conclude without alluding to the change of Collector.

Their late Collector having accepted a situation at the International Exhibition, they found it necessary to appoint Mr. Brittain instead—for this reason, many of the most punctual members of the Society have not yet paid their subscriptions. Your Council will therefore urge on all persons in arrear to pay at once, either to the Local Honorary Secretary, or at the Office of the Society.

By order, (signed) H. W. SASS, *Hon. Secretary.*

This Report was adopted.

The officers for the ensuing year and several new members were elected.

Thanks were voted to the officers of the past year, to the gentlemen who had read Papers at the Meeting, and to the Chairman for his kindness in presiding.

The Chairman returned thanks, and the Meeting adjourned.

ST. MILDRED'S COURT, POULTRY.

THE TENTH ANNUAL GENERAL MEETING of the Society was held at their ROOMS, ST. MILDRED'S COURT, on Wednesday, the 22nd July, 1863, at One P.M. for 1.30.

J. W. BUTTERWORTH, Esq., F.S.A., in the Chair.

The Minutes of the last Annual General Meeting, held at Lingfield, on October 16th, 1862, were read and confirmed.

The Honorary Secretary read the Report of the Council :—

In presenting their Report to the tenth Annual General Meeting of the Surrey Archæological Society, the Council wish, in the first place, to say a few words in explanation of the course they have thought proper to adopt in summoning you to-day to this place, instead of following the practice which has been more usual—of combining the business meeting with one of the archæological excursions. It has seemed to your Council that the practice of other Societies afforded a precedent which it would be well on this occasion to follow, and that by relieving the members and visitors at the County Meeting to-morrow from the discussion of the dry details of business, more time could be devoted to the

reading of Papers, and the examination of the various interesting objects which it is intended to view.

The Council hope that the Society at large will concur with them as to the propriety of this alteration.

Your Council have to announce that Mr. Sass, the Honorary Secretary, has intimated his intention of retiring from that post, the duties of which, from the pressure of private and professional engagements, he feels no longer in a position to perform with satisfaction to himself and to the Society. Mr. Sass, however, has kindly consented to allow his name to be submitted to this Meeting for re-election on the Council, where it is hoped that his local knowledge and acquaintance with the principal members of this Society will be of great advantage to his successor in office. In making this communication, the Council cannot omit to notice the zeal which Mr. Sass has shown in arranging and superintending the various Archæological Meetings which have taken place during his connection with the Society.

The members of such an Association as ours need scarcely be reminded of the importance of the office of Honorary Secretary being filled by a gentleman of business-like habits, zeal, and ability, coupled with sufficient leisure to devote to its affairs. It is with great pleasure that your Council now announce that, in the absence of any candidate whom they could recommend for permanent appointment, one of their own body, Mr. Edward Vaughan Austin, has most kindly consented to act as Honorary Secretary for the next three months, at the expiration of which time it is hoped that some permanent arrangement may be made.

On terminating the connection with the present Honorary Secretary, it becomes necessary to provide a new locality for the reception of the Museum and Library of the Society, and for the transaction of its business. Negotiations based on a liberal offer, made by another Member of Council, are now on foot, which it is hoped may result in satisfactorily attaining this object.

Towards the end of last year the attention of the Council was first called to the fact that the accounts for the last three years had not been audited. Immediately on ascertaining this, steps were taken to remedy so serious an omission, and the Council have now the satisfaction of laying on the table for the perusal of the members, copies of the balance-sheets of the last three years, up to December 31, 1862, duly examined with the vouchers, and signed by Mr. Richardson, your Auditor for the year 1862-3, and by a member of the Financial Committee of the Council, who, in the unavoidable absence of the other Auditor, was called in to assist Mr. Richardson, who has forwarded the following Report, containing several valuable suggestions, to which the Council will give their best consideration.

Auditor's Report.

In delivering the audited accounts for the three years ending respectively Christmas, 1860, '61, and '62, I have to report:—

First—That on being called upon at the commencement of the

present year to audit the accounts for 1861, I proceeded to do so ; but finding that receipts had been forwarded to the several Local Secretaries for the subscribers in their districts, and that no returns of such or for previous years had been made, and the accounts otherwise not prepared, I postponed the further audit, requesting the Secretary in the meantime to procure the necessary returns of receipts from the Local Secretaries.

It being notified to me by the Secretary that my co-auditor would be unable to attend any audit until a late period in the year, I afterwards gladly availed myself of the kind offer of assistance made by Mr. Charles Spencer Perceval, whose aid, together with his knowledge of the proceedings of the Council for some time past, I found most valuable.

Second—On resuming the audit with Mr. Perceval in May, we found it necessary to examine the accounts for 1860, the year previous to that in which I had been appointed, and which proved not to have been audited. The result of the three years' audit is now before you, together with a Statement of Liabilities to Christmas, 1862.

I regret to be compelled to remark upon the absence of a proper system in keeping the accounts—no cash-book, no book in which the receipts and payments of previous years have been entered for reference and as a standing record of receipts and payments—and would recommend that a Treasurer's book should be provided, and that the audited balance-sheets of the previous years should be duly entered therein.

Third—It is my opinion that the financial operations of the Society would be much facilitated if, instead of the Secretary acting also as Treasurer, as has hitherto been the case, some Member of the Council were appointed Acting Treasurer, the Secretary and Collector paying over to him all moneys received ; and further, that no accounts be paid but by the Treasurer, and then only upon the authority of the Council, under the signature of the Chairman, all postage and petty cash expenses being paid quarterly, under the same authority. I would also recommend that separate receipt-books for the subscriptions be supplied to the Secretary, the Collector, and the Local Secretaries.

Fourth—As to the expenses of the Society, I have no doubt that the experience of the past two years will lead to the adoption of some plan by which much of the expense of conducting the annual county gatherings of the members may be lessened, or altogether avoided. The recent alteration in the offices of the Society will also enable the Council to reduce the annual working expenses, hitherto much out of proportion to the annual receipts.

Lastly—I feel called upon to refer to the large proportion of subscriptions in arrear. While the number of members has been reported as upwards of 500, the average of receipts for the past three years has been only from 300 members. Perhaps it will be possible in the Council to adopt some plan by which a more systematic collection of subscriptions can be made for the future, as also of the many arrears.

(Signed) H. S. RICHARDSON. £200 7 7

Owing principally to the neglect of the Annual Audit, it has been found (as, indeed, the Report just read shows) that several pecuniary liabilities of considerable aggregate amount remained undischarged on the 31st of December last. It must be observed that some of these liabilities are of as long standing as 1860, while the heaviest item, £156, consists of the Printer's account for the last part of the Transactions, 1862. It is right to notice here, that in consideration of the pressing claims on the Society's funds, Mr. Sass has liberally proposed to forego his regular allowance for Clerks, &c., as from Christmas last.

It will be within the recollection of the members, that at the General Meeting of the Society held at St. Olave's Grammar Schools, Southwark, on October 30th, 1855, a resolution was carried empowering the Council to sell £75 of the Stock standing in the names of the Trustees for the purpose of repaying the expense of publishing the first portion of the Society's Transactions. It was, however, subsequently considered that the ordinary income of the Society was sufficient to meet this charge, and the power was consequently not acted on, and is considered to have lapsed. The Council have now resolved to recommend that fresh powers be now given to them to sell a sum not exceeding £150 out of the Stock (amounting to nearly £400), in order to enable them to discharge the expense incurred by the publication of the Transactions, which the ordinary income has proved insufficient to bear.

The Council hope that if this is done they will find themselves in a position to issue with all speed the third and last part of the second volume of the Transactions, containing, besides one or two Papers of interest, the account of the proceedings at General Meetings up to that at Lingfield last year, with the balance-sheets for the last three years, Index, and List of Members. With regard to this List of Members, a

* On examination, several of these items proved inexact. For the actual liabilities see Balance Sheet for 1863.

few words must be added. The Council, in investigating the affairs of the Society, have found much difficulty in ascertaining who are members and who are not. Repeated printed applications have been directed to be made to persons in arrear, inviting them either to liquidate those arrears, or to signify their intention of withdrawing from the Society. The Council regret to say that these circulars have in many cases received no attention ; but in stating this they must not conceal from the Society their serious apprehensions, that in some instances at least the circulars have never reached the parties to whom they were by the Council and the Honorary Secretary believed to have been sent. This uncertainty as to the number of members, and the consequent uncertainty as to the prospective income of the Society, must clearly embarrass the Council in the discharge of their duties. They therefore would beg all present to give a little help in this matter by mentioning the facts to such of their friends and neighbours as they may know to be or have been Subscribers ; begging them to look at their last receipts, and, if they find themselves in arrear, to pay up their arrears at once ; or, if they wish to withdraw from the Society, to intimate the same to the Honorary Secretary or to any Member of Council, in order that their names may be removed from the new List.

The Council feel sure that nothing but inadvertence or misunderstanding prevents the collection of many outstanding arrears.

In conclusion, the Council must express their conviction that much remains to be done for the History and Antiquity of the County of Surrey, and, with the hearty support of all interested in the subject, the Surrey Archæological Society may reasonably be expected to contribute its fair share of that work.

By order, (signed) H. W. SASS, *Hon. Secretary.*

The Report was adopted.

The Officers for the ensuing year were elected—E. V. Austin, Esq., being appointed Honorary Secretary *pro tempore*.

Several new Members were elected.

It was proposed by Charles Spencer Perceval, Esq., seconded by J. W. Flower, Esq., and carried, that this meeting sanctions the withdrawal of £150 Stock from the invested funds of the Society for the purpose of meeting the present liabilities.

Proposed by A. J. Hiscocks, Esq., seconded by Edward Richardson, Esq., that the thanks of the Meeting be given to the Chairman.

The Chairman returned thanks.

The Meeting then adjourned.

The Council have much pleasure in subjoining (in anticipation of the Annual General Meeting of 1864) the Balance Sheet, &c. for the year ending December 31, 1863.
