

# FURTHER INVENTORIES OF THE GOODS AND ORNAMENTS OF THE CHURCHES IN THE COUNTY OF SURREY IN THE REIGN OF KING EDWARD THE SIXTH.

COMMUNICATED BY

R. A. ROBERTS,

SECRETARY OF THE HISTORICAL MANUSCRIPTS COMMISSION.

---

IN Vol. IV of the *Surrey Archæological Collections* will be found a number of "Inventories of the Goods of the Churches in the County of Surrey in the reign of King Edward the Sixth," which were communicated by the late Mr. Daniel-Tyssen. These were derived from the series of Inventories, etc., preserved in the Public Record Office, described in the Second Appendix to the Seventh Report of the Deputy-Keeper of the Records, and from a certain number found among the manuscripts in the muniment room at Loseley Park. They chiefly belong to the sixth year of King Edward the Sixth. Mr. Daniel-Tyssen calls attention to the fact that there had been previous Commissions of Inquiry of a like nature in the second year of the reign, but he remarks that the returns discovered, which arose from the previous Commissions, were very few, and such returns and other papers connected with these earlier Commissions which are printed in the fourth volume above referred to, are consequently inconsiderable in number.

By the courtesy of the late Mr. W. More-Molyneux, the Secretary of the Historical MSS. Commission was recently permitted to make a fresh investigation of the muniment room at Loseley Park, and to remove to the

Public Record Office, there to remain under the charge of the Historical MSS. Commissioners, a large number of the manuscripts found in the muniment room, chiefly those which came into being through the agency of Sir Thomas Cawarden, Master of the Revels from 1545 till the year of his death, 1559, and Sheriff of Surrey in the year 1547-8. Among these manuscripts so removed have been found a number of the returns to the earlier Commissions, which have not hitherto been printed. A first portion of these hitherto unprinted returns here follows in the alphabetical order of the parishes concerned.

For the transcripts from which these returns have been printed, the Secretary of the Commission and the Surrey Archæological Society are wholly indebted to Mr. Theodore Craib, of the Public Record Office.
