

LIST OF MIDDLESEX KNIGHTS OF THE SHIRE FROM 1295-1832.

EXTRACTS FROM THE PARLIAMENTARY RETURNS

IN May, 1929, a Committee was appointed by the Prime Minister (the Rt. Hon. Stanley Baldwin) to report on the material available for a record of the personnel and politics of past members of the House of Commons from 1264 to 1832. Colonel the Rt. Hon. J. C. Wedgwood, D.S.O., M.P., is Chairman of this Committee and he has asked the various County Archæological Societies to be responsible for the Parliamentary History of their respective counties.

London's records are almost complete in this respect, thanks to the researches, amongst others, of the Rev. A. B. Beavan and Miss Winifred Jay. It is, therefore, proposed that our Society should devote such time as it can afford to Middlesex, and at a meeting held at the House of Commons on 18 December, 1929, a Committee was elected to undertake the task of recording the names, politics and biography of all known Middlesex M.P's.

A sub-committee was appointed, on which the Chairman of Council and the Editor of the TRANSACTIONS of the London and Middlesex Archæological Society are *ex-officio* members, and the latter has been appointed Honorary Secretary.

The most complete of Middlesex Knights of the Shire is to be found in a Parliamentary Return published in 1879 and subsequent years, of "every member returned to serve in each Parliament from 1696 onwards, and a return, from so remote a period as it can be obtained up to the year 1696, of the names of all members of the

lower House of Parliament." From these returns has been abstracted the following list of all the recorded Knights of the Shire for Middlesex, with a note to indicate if their lives are printed in the *Dictionary of National Biography*. D.N.B. indicates that a life of the member occurs in the Dictionary; ? D.N.B., that a life occurs which may possibly be that of the member in question; see D.N.B., that there is a life, presumably that of some relative of the member.

At the close of the present list is an index to the names. Following this index is a brief bibliography of books which may provide information as to the lives of these Knights of the Shire, about whom little or nothing is at present known.

There is added a specimen life, which has been prepared from the records mentioned in the bibliography, indicating the kind of results which may be expected from a careful search in these printed public records.

Any members of the Society who can spare time to help in this work should communicate with the Honorary Editor.

There are no members for Middlesex recorded in the returns for Parliament before 1295, except the following:—

1275 22 April. Summoned to meet in London.
