

ARCHAEOLOGICAL MONITORING REPORT

SCCAS REPORT No. 2013/075	Parish: ORFORD
Bell House HER ref: ORF 131	Planning Application No.: C12/1750
Address: Bell House Quay Street Orford	OASIS ref: Suffolkc1-151275
	Grid Reference: TM 42325 49807
	Number of Site visits: 2
	Date of visits: 8th & 10th April 2013
What was seen - nature of the work, condition of trenches etc. An area strip of c.6m by 3m was seen at the back of Bell house. This was to take a raft for an extension linking the main house with a listed outbuilding behind	
Total number/length of trenches (include measurements) / footings and % of which seen : The stripped area was c.0.6m in depth; approximately 95% of the strip was observed	
Location Map: 	Trench plan: 

Results: (e.g. Spoil examined, subsoil visible, depth and nature of deposits, were you there during excavation etc.?)

At this depth all stripped area was still in humic loam / topsoil deposit

No deposits or features of archaeological significance were observed, no archaeological finds were seen or collected

View of site strip looking north, showing loam deposit in base and sides of trench
