Dear Mr. Dyson,

Mr. Chittick is away attending a conference,
so I write to acknowledge receipt of your letter
AF/554/017/61 of 12th July.

We are extremely grateful to you for the
trouble you have taken in identifying our charcoal
from Axum; should we later obtain any radiocarbon
age determinations on these specimens I will inform
you of the results.

Yours sincerely,

D.W. Phillipson
