

OASIS DATA COLLECTION FORM: England

List of Projects

Main

This is the main page of the OASIS form, the form is split into sections as listed below.

You can fill as much or as little of each section in at any one time. Once you have filled in a section completely, please tick the **completed** box at the bottom of that section. The form will then check to see that all the mandatory fields (marked with a *) have been completed. If this is the case it will return to this page, if not it will ask you complete the missing fields.

There are some fields that **must** be filled in: the project name, the location and your name and email address.

Please note: the form entries are only saved when the **Save record** has been pressed. If you leave the form inactive for over 30 minutes any entries will be lost, this is to retain the security of your username and password.

OASIS ID: borderar1-77789

details**

Add or edit entries

Project name	St John's Church Grounds Wembley
Short description of the project	The project aim was to achieve an appropriate mitigative record of any archaeological remains present on site, where these were deemed to be at risk from development. Reasonable inferences have been made from this record to achieve a fuller understanding of the archaeological importance of the site. The project has sought to determine the location, extent, date, character, condition, significance and quality of any surviving archaeological finds, features or deposits, specifically, any evidence of human burial activity, although it was presumed that the likelihood of encountering such remains was relatively low, as there is no indication that the graveyard attached to the church extended into the study area.
Project dates	Start: 27-04-2010 End: 29-04-2010
Previous/future work	No / No
Any associated project reference codes	JHC 10 - Sitecode
Any associated project reference codes	BA1013SJCW - Contracting Unit No.
Type of project	Field evaluation
Site status	None
Current Land use	Other 4 - Churchyard
Monument type	Churchyard Post Medieval
Significant Finds	CBM Post Medieval
Significant Finds	Pottery Modern
Status	Incomplete
Missing Fields	Fields from the project type section
