Notes for Contributors

Articles can be submitted at any time, but must be received by October 31st for consideration for the volume to be published the following year.

Manuscripts should not normally exceed 3000 words in length; they should contain a brief summary (100–150 words) for translation into other languages. They should be typed on good quality A4 paper, double-spaced and with a good left-hand margin (30 mm). Authors are requested to follow the layout and conventions used in this journal (a style sheet is available on request). Two copies of the manuscript should be sent to:

The Editors, MPRG, c/o Department of Medieval and Later Antiquities, The British Museum, London WC1B 3DG

Galley proofs will be sent to all authors for checking (not re-writing). Failure to return the proofs by the required date will lead to the editors sending their own corrected proofs to the printer without further reference to the author. Ten free off-prints will be supplied to the authors on publication of a paper; two free off-prints will be sent to authors of shorter contributions.

All statements and views published in *Medieval Ceramics* are those of the contributors, and are not the responsibility of the editors or the MPRG.
