JOURNAL OF THE MEDIEVAL POTTERY RESEARCH GROUP

medieval ceramics

THIS JOURNAL was conceived to meet the need for an annual publication devoted to all aspects of pottery studies from the Early Saxon to the Post-medieval period, including theoretical, methodological and analytical aspects of pottery research.

An annual conference is held (usually in May) and meetings of regional groups take place at more frequent intervals. The Medieval Pottery Research Group has many Continental members whose work overlaps with that of British members. *Medieval Ceramics* welcomes offers of appropriate articles on all aspects of ceramic research for publication.

Notes for contributors are given on page iv.

All general correspondence concerned with the Medieval Pottery Research Group should be sent to the Secretary, MPRG, c/o Museum of London Specialist Services, Mortimer Wheeler House, 46 Eagle Wharf Road, London N1 7ED.

Membership

All applications for membership, subscriptions and orders for *Medieval Ceramics* should be sent to the Treasurer, MPRG, at the same address.

Notes for contributors

Contributions can be submitted at any time, but main papers, which are subject to peer review, must be received by 31st August for consideration for the volume to be published the following year.

Manuscripts should contain a brief summary (100–150 words) for translation into other languages. They should be types or printed on good quality A4 paper, double-spaced and with a good left-hand margin (30 mm). Authors are requested to follow the layout and conventions used in this journal. A digital copy of the proposed submission should be emailed to Derek.hall1@blueyonder.co.uk or sent on disc to:

Derek Hall, Co-Editor, MPRG,
34 Glenfarg Terrace, Perth, PH2 0AP.

Authors, where feasible, should make every effort to ensure that their contribution comes with some publication grant aid.

Proofs will be sent to all authors for checking (not re-writing). Failure to return the proofs by the required date will lead to the editors sending their own corrected proofs to the printer without further reference to the author. A pdf version of the paper on disc will be supplied to the authors on publication of a paper.

All statements and views published in *Medieval Ceramics* are those of the contributors, and are not the responsibility of the editors or the Medieval Pottery Research Group.

For guidelines in detail, please see pages x–x.
