PREPARING FOR PUBLICATION,
Under the immediate Patronage and Revision of the
Bucks Architectural and Archæological Society.

**A HISTORY AND TOPOGRAPHY
OF THE COUNTY OF BUCKINGHAM,**

In One Handsome Octavo Volume, *for Subscribers only.* Price One Guinea.

By WILLIAM WHELLAN AND CO.,

*Publishers of Topographical Works for Northamptonshire, Yorkshire,
Durham, Northumberland, Cumberland, &c.*

IN announcing their intention of issuing a Work of an Historical and Topographical description of Buckinghamshire, the Publishers have great pleasure in informing the Nobility, Gentry, Clergy, and General Public, that they are honoured with the distinguished Patronage and Co-operation of the Architectural and Archæological Society for the County of Buckingham, and that a Sub-Committee of that learned body, consisting of the Ven. Archdeacon Bickersteth, Admiral Smyth, the Rev. H. Roundell, Rev. B. Burgess, Rev. W. J. Burgess, Rev. C. Lowndes, Rev. W. H. Kelke, Rev. C. Coker, Rev. P. T. Ouvry, and Captain Hibbert, has been appointed to aid and assist them in its production.

As this Volume will require a very extensive circulation to remunerate the Publishers for the large outlay consequent upon its publication, they now most respectfully solicit the support of the higher and middle classes (for the reasonable price at which it is offered brings it nearly within the reach of all); and they confidently hope for a continuance of that success which has hitherto attended their labours in other Counties.

Every Parish and Township in the County will be Visited by Agents to collect information and receive Orders for the Work, and those who may be desirous of possessing it, will oblige by giving their orders promptly, as the Edition will be limited to the number of Subscribers.

No Money to be Paid till the Work is delivered.

* * * Communications which may tend to Illustrate the History and Topography of any portion of Buckinghamshire, will be gratefully received by the Agents, or they may be addressed to Messrs. WHELLAN & Co., Pontefract, Yorkshire.
