EDITORIAL NOTE

This number, Part 2 of Volume XX, of Records of Bucks is for 1976 and is devoted solely to the excavations carried out at Walton, Aylesbury during 1973–74 under the direction of Mr Michael Farley for the Buckinghamshire County Museum.

The work was financed by the Buckinghamshire County Council, the Trustees of Harding's Charity and the Department of the Environment; the latter have made a substantial grant towards the costs of publication for which the Editor and the Society are most grateful.

It is hoped to publish Part 3 later in 1978; this will include the Archaeological Notes and the activities of the Society both for 1976 and 1977 as well as the normal number of articles.
